Greeting from Tess Scannell
Director, Senior Corps
Message to the Senior Corps Grantee Network:

As springtime slowly comes to the east coast, we look forward to the arrival of warmer weather, and to seeing you this June at the 2008 Senior Corps Conference, which for the first time ever is being held in conjunction with the National Conference on Volunteering and Service. Senior Corps project directors and sponsors will have the opportunity to discuss policies related to Senior Corps, to share best practices, to explore new technologies, to connect with others, and to learn about the latest in volunteer management.

As we seek to strengthen the role of service and volunteerism as a strategy to help communities meet pressing challenges, we continue to be proud of RSVP, Foster Grandparent, and Senior Companion projects as critical assets to serve needs in communities and to provide valuable opportunities to the volunteers. It is our hope that attending the upcoming National Conference, June 1-3 in Atlanta, Georgia, will enhance your skills and provide you with more tools to accomplish your work every day.

Senior Corps Day

While the majority of workshop sessions and events you will attend are selections from the national conference program, Monday, June 2nd is designated as “Senior Corps Day” – an opportunity to focus on Senior Corps-specific issues through:

The Senior Corps Conference Planning Team and the Senior Corps Sounding Board, made up of Project Directors and Sponsor Executive Directors, have created the Senior Corps National Conference Planner to help you plan your conference agenda and instructions for the registration site.

The Senior Corps National Conference Planner link will take you to several sites to help you make your choices:

- An Overview of Senior Corps and General Conference Events
- Important Facts to Know
- The Senior Corps Session Guide
- New Project Directors’ Training - Pre-Conference Agenda

The Senior Corps Session Guide: Optional Workshop Sessions of Particular Interest to Senior Corps

This year’s conference includes more than 130 sessions, including a number of workshops developed with Senior Corps specifically in mind. Because such an abundance of options may be simultaneously invigorating and intimidating, in collaboration with Senior Corps Project Directors and Corporation Staff, we have assembled a Senior Corps Sessions Guide. The Guide highlights workshop sessions in each time block that address topics of particular interest to Senior Corps project directors and Sponsor Executive Directors. **We encourage you to review the sessions included in the Senior Corps Sessions Guide as you plan your workshop schedules.** Although this Guide highlights sessions that are Senior Corps focused, you are not restricted to these choices. We encourage you to look through the entire conference content on the registration site to see if other workshops might better meet your needs.

### Getting Around

**Air:** For air travel, Atlanta is served by Hartsfield-Jackson Atlanta International Airport, located just ten miles south of downtown. This airport is very large and the distance between gates and the baggage claim or ground transportation can be overwhelming. Make sure you look for “people mover four-car trains”, which pick up and delivers travelers throughout the terminal and within the airport concourses. Waits for a train are generally less than two minutes. This is a very easy, quick and simple way of getting where to need to go. For more information visit: [http://www.atlanta-airport.com/](http://www.atlanta-airport.com/).

**Taxi:** Depending on your location, a taxi from the airport to Atlanta should cost between $25 and $30 and take approximately 30 minutes, depending on traffic.

**Shuttle:** Also available are airport shuttles which make stops at most hotels in downtown. They run daily, except after 11pm, and cost approximately $15 to $20 one-way. You’ll find the shuttle desk in the South Terminal. For more specific information please visit the Hartsfield-Jackson Atlanta International Airport website [http://www.atlanta-airport.com/](http://www.atlanta-airport.com/) see Ground Transportation.

**Subway:** MARTA – or Metropolitan Atlanta Rapid Transit Authority – is Atlanta’s subway system. You can board MARTA at the airport and it will take you to the Peachtree Center station which is adjacent to the Marriott Marquis and Hilton Atlanta Hotels. Tickets cost $1.75 each, and trains run from 5am to 1am daily. For more information and a map please visit [http://www.itsmarta.com/](http://www.itsmarta.com/).
