FULL TEXT OF ANNOUNCEMENT

I. FUNDING OPPORTUNITY DESCRIPTION

A. Program Description

For more than a decade, the Corporation for National and Community Service—through its Senior Corps, AmeriCorps, and Learn and Serve America programs—has mobilized a new generation of engaged citizens. This year, more than 1.8 million individuals of all ages and backgrounds will serve through these programs. They will help thousands of national and community non-profit organizations, faith-based groups, schools, and local agencies meet local needs in environment, education, public safety, and other human needs.

Learn and Serve America Community-Based grants involve school-age youth in service to their communities through organized, structured programs that take place during the non-school hours. Through these programs, youth meet real needs in their communities while also participating in learning activities designed to enhance their social, civic, and/or academic skills.

Applicants should formulate a 3-year plan that defines how the program will achieve impacts for youth participants, their communities and the organizations through which they serve. The 2009 Community-Based Healthy Communities initiative will fund programs that:

- Engage youth, particularly youth in disadvantaged circumstances, in out-of-school time service-learning activities that develop leadership skills, increase civic engagement and promote retention in school and career or post-secondary education readiness.
- Involve youth in the planning and implementation of program design – youth philanthropy or social entrepreneur models are encouraged.
- Support youth-led projects that address social needs as a means to create healthy communities (e.g., including but not limited to, nutrition education and community gardens, peer mentoring of youth at risk of dropping out, use of technology to address nonprofit community capacity issues, testing and cleaning up local watersheds, and identification of the unique needs of veterans and how to meet them.)
- Promote the use of social media tools to increase and improve student involvement in service-learning activities that strengthen their connection with communities.
- Encourage planning for Summer of Service and other inter-session service-learning opportunities in coordination with public and private nonprofit organizations and/or higher education institutions.
- Provide training and technical assistance to subgrantees, youth workers and other adult volunteers and youth participants to plan and implement meaningful service-learning partnerships and activities.

B. Authority

The Learn and Serve America Community-Based programs are authorized by Title I subtitle B of the National and Community Service Act of 1990, as amended, 42 U.S.C. 12521, et seq.

A. Number of Awards and Award Amount

Approximately five to eight grants will be awarded. Funding will range from approximately \$350,000 to \$450,000 annually for a project period of up to three years.

B. Project/Award Period

The project period for Learn and Serve America Community-Based grants is up to three years. Your proposal should include a detailed three-year project overview, as well as proposed activities and a budget for the first year of operation. If the application is approved, the Corporation will award a multi-year grant award agreement and provide funding for one or more years of your program.

C. Continuation Funding

Funding for the second and third years of an approved program is contingent upon: 1) satisfactory progress; 2) the availability of funds via Congressional appropriation; 3) the timely submission of continuation applications; 4) consistent, timely compliance with all reporting requirements; and, 5) any other criteria established in your award agreement.

III. ELIGIBILITY INFORMATION

A. Eligible Applicants

1. Applicants eligible for Learn and Serve America funds under this initiative are Grantmaking Entities (GMEs) and State Commissions on National and Community Service. Funds are granted to intermediary organizations to create curriculum materials, support training and technical assistance activities, and make subgrants to local organizations that will implement service-learning programs for youth.

For Community-Based programs, the term *grantmaking entity* means a public or private nonprofit organization that—

- submits an application to make grants to qualified organizations to implement, operate, expand, or replicate community-based service programs that provide for educational, public safety, human, or environmental service by school-age youth **in**

two or more States and was in existence at least 1 year before the date on which the organization submitted the application.

2. For the purposes of the 2009 Community-Based Healthy Communities competition, eligible applicants must describe a program plan that clearly addresses the stated statutory and programmatic criteria described under Section V. of this *Notice*. Specifically, the applicant must describe a community-based program that engages youth in out-of-school time service-learning activities that address local needs.

B. Subgrant Eligibility

Entities that may apply for a subgrant from a State Commission or Grantmaking Entity are ***qualified organizations*** that have entered into a local partnership with:

1. One or more Local Educational Agencies,
2. Other qualified organizations; or
3. Both.

The term ***qualified organization*** means a public or private nonprofit organization, other than a grantmaking entity, that—

1. has experience in working with school-age youth; and
2. was in existence at least one year before the date on which the organization submitted an application for a service-learning program.

C. Other Restrictions

The Corporation will reject any application that requests funding for a project already included in another application pending before the Corporation.

In addition, Learn and Serve America will not fund organizations or groups to:

1. provide religious instruction, conduct worship services or engage in any form of proselytizing;
2. assist, promote, or deter union organizing;
3. finance, directly or indirectly, any activity designed to influence the outcome of an election to any public office; or
4. impair existing contracts for services or collective bargaining agreements.

D. Match Requirements

The grantee share of the total cost (*Corporation Share + Grantee Share*) of carrying out a program must be at least:

- 10 percent for the first year
- 20 percent for the second year
- 30 percent for the third year

- 50 percent for the fourth and any subsequent year(s). The 50% match requirement applies to any recipient that has received a previous three-year grant from Learn and Serve America.

For example, if an applicant new to Learn and Serve America applies for \$450,000 in each of three years, the minimum match required would be: \$50,000 in Year One (10 percent of \$500,000), \$112,500 in Year Two, and \$192,858 in Year Three. Previous grantees requesting \$450,000 grant must match at least \$450,000, or 50% of the total budget amount for each year. Applicants who have been only a sub-recipient of Learn and Serve America funds in the past will be considered a new grantee in this competition.

The grantee's share of the program cost can be in cash or in-kind, which may include facilities, equipment, or services. The grantee's share may come from private, state, or non-Corporation federal sources. **Note:** The Corporation's legislation permits the use of non-Corporation federal funds as match for the grantee share of the budget. However, it may be advisable to discuss with the other federal agency your intention to report expenditures as costs on both grants (matching on the Corporation grant and direct on the other agency's grant).
