**States where intermediaries have yet to announce subgrantees:** Alaska, Arizona, Connecticut, Hawaii, Idaho, Iowa, Kansas, Maine, Montana, Nebraska, Nevada, New Hampshire, New Mexico, North Dakota, Oregon, South Dakota, Utah, Vermont and Wyoming.

**Notes:**

\*The Edna McConnell Clark Foundation's subgrantees are currently finalizing their growth and evaluation plans. EMCF and its subgrantees will confirm and/or revise these projections in June 2011:

- BELL will use its grant to develop plans to expand its summer program to California, North Carolina and South Carolina as well as in the five states — Georgia, Maryland, Massachusetts, Michigan and New York — where it is already active.
- CAS—Carrera will use its grant to expand in Oklahoma, North Carolina, South Carolina and Arkansas (the in-school or afterschool model, depending on the community); and in Delaware, Florida, Georgia, Illinois, Michigan, New Jersey, New York, North Carolina and West Virginia (afterschool model).
- The Center for Employment Opportunities will use its grant from EMCF for its work in California, Oklahoma and Upstate New York. It also received funding from REDF for its work in California.
- Children's Institute, Inc., will use its grant to expand operations in Central Los Angeles and Watts.
- Communities in Schools (CIS) will use its grant to support CIS operations or growth in California, North Carolina and South Carolina. Specific school locations are still being determined.
- Gateway to College National Network (GtCNN) will use its grant to consider expansion to Indiana, Kentucky, Louisiana, Mississippi and Tennessee, as well as in California, North Carolina, Pennsylvania and South Carolina, where it is currently active.
- Reading Partners will use its grant to expand in New York City, and consider expansion to North Carolina, Boston, and Seattle, as well as in California and Washington, DC, where it is already active.
- SEED will use its grant to develop plans to expand to two to four states, possibly including Ohio and Florida.
