

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

FORECAST OF FUNDING OPPORTUNITIES

COMPETITIVE GRANT PROGRAMS FOR FISCAL YEAR (FY) 2013

This document presents a forecast of all grant competitions under which the Corporation for National and Community Service (CNCS) expects to invite applications for new awards, and provides actual (or estimated) deadline dates for the submission of applications under each competition. The forecast is organized chronologically, according to the Notices of Funding Opportunity (*Notices*) that have already been announced, or that CNCS plans to announce at a later date.

The competitions listed are based on CNCS' best estimates at this time. CNCS is publishing this document in order to provide potential applicants with information for planning purposes. Potential applicants should note, however, that CNCS may cancel competitions listed as well as announce new competitions not listed in this document.

The presence of a CFDA number for a particular announcement in the chart indicates that the dates are actual and CNCS has already published a *Notice* for those grant competitions. For competitions in which a CFDA number is not indicated, all dates are estimates and CNCS has not yet published a *Notice*. The actual dates will appear in the official *Notice* for that program competition on the CNCS Website at: http://www.nationalservice.gov/for_organizations/funding/nofa.asp.

Below is a description of the information provided in the CNCS Forecast for Funding Opportunity FY2013 charts:

***Notice* Publication.** Column two lists the actual or estimated date for publication of the *Notice* for a given Funding Opportunity.
