

The Corporation for National and Community Service (CNCS) received 24 applications for the 2011 Social Innovation Fund (SIF) grant competition. Six applications were eliminated during the initial compliance review, resulting in the following 18 applicants proceeding to the full competition.

The 18 applications embody active collaborations of more than 53 organizations, including foundations, nonprofits, universities, local governments, private investors and businesses. Applicants come from 14 states, 10 of which are not represented by current Social Innovation Fund grantees.

The 2011 Social Innovation Fund awards will be announced in August 2011.
