

February 25, 2015

Dear Members of the Tennessee Congressional Delegation,

It is my pleasure to inform you that the Corporation for National and Community Service (CNCS) has awarded a 2015 Senior Corps RSVP grant to one or more organizations in Tennessee.

The attachment includes a brief summary of each grant awarded in Tennessee, including local contact information for the grantee.

This funding builds on Senior Corps RSVP's longstanding history of civic engagement. Established in 1971, Senior Corps RSVP is one of the largest senior volunteer organizations in the nation. Senior Corps RSVP taps the skills, talents, and experience of thousands of Americans age 55 and older. In 2009, Congress passed the Serve America Act, the most sweeping expansion of national service in a generation. This landmark law established an annual competition of the Senior Corps RSVP program that began in 2013. This competition requires grantees to meet performance measures and funds projects that meet a diverse range of specific local and community needs. Senior Corps RSVP volunteers serve through Area Agencies on Aging, Community Action Agencies, Volunteer Centers, United Ways, social services agencies, faith-based organizations, and many others. Together these Senior Corps RSVP volunteers have improved lives in the following ways:

- Served 329,400 veterans in activities such as transportation and employment service referrals
- Mentored nearly 78,000 children
- Provided independent living services to 797,000 adults, primarily frail seniors
- Provided respite services to 20,300 family or informal caregivers
- Engaged 20,100 veterans who served as Senior Corps RSVP volunteers.
- Leveraged an additional 18,500 volunteers to support Senior Corps RSVP activities such as delivering meals to those in need and tutoring at-risk children.

In a time of significant economic challenges, national service is a critical and cost-effective method to engage America's citizens in solving problems in their communities. Our agency seeks to expand service opportunities for older Americans and make service a transformative experience for all who serve and for the communities that they support.

I welcome the opportunity to discuss national service with you at your convenience. Please do not hesitate to contact me or Kimberly L. Allman, Director of Government Relations, at kallman@cns.gov or (202) 606-6707.

Warmest regards,

Wendy Spencer
