

2016 Foster Grandparent Program Performance Measures

Updated National Performance Measures

- Updated National Performance Measures requirements and options
 - % of unduplicated volunteers in NPM work plans **removed**
 - Replaced by cost per VSY in outcomes (or outputs in inclusion of people with disabilities for programs historically supporting service in this area)
 - New measures and service activities

Performance Measurement Requirements

For every \$6,000 in annual base federal funding, at least one Volunteer Service Year (VSY) worth of service must be placed in work plans that result in:

1. National Performance Measure **outcomes** in the Education focus area or
2. National Performance Measure outputs in Inclusion of people with disabilities (H15) work plans for grantees that have historically supported programming in this area (see Appendix B).

For work plan projections, 1 VSY = 1 unduplicated volunteer

Additions to Measures

- New measures or service activities available in most areas
 - Education
 - Healthy Futures
 - Other Community Priorities

New in Education

K-12 Success: **Added** existing post-secondary institution outcomes for tutoring activities

Objective	Output	Service Activity	Outcome
K-12 success	ED2. Number of students that completed participation in CNCS-supported K-12 education programs.	Tutoring-Public School;	ED10: Number of students entering post-secondary institutions.
		Tutoring-Faith-Based School;	ED11: Number of students earning a post-secondary degree.
		Tutoring-Other	

New in Education

		Tutoring-Faith-Based School; Tutoring-Other	ED11: Number of students earning a post-secondary degree.

New in Healthy Futures

- **Created Objective:** Inclusion of people with disabilities
- **Created** output measure to accommodate programs serving individuals with developmental disabilities better integrate into their communities
- This measure is only available to programs that historically support placements in this area. Senior Corps will not expand efforts in this area.

Objective	Output	Service Activity	Outcome
Inclusion of people with disabilities	H15. Number of individuals with developmental disabilities receiving services that promote self-determination, independence, productivity, and integration and inclusion in in community-based settings	Transportation; Companionship; Companionship—Dept. of Veterans Affairs; Financial Literacy or Housing Services; Preventing Elder Abuse; Supporting Integration	None

New in Healthy Futures

- Obesity and Food: **Added** existing output measures that support physical education and nutrition education

Objective	Output	Service Activity	Outcome
Obesity and Food	H5. Number of children and youth engaged in in-school or afterschool physical education activities with the purpose of reducing childhood obesity.	HRSA sponsored Home Visiting Programs Coaching	None.
Obesity and Food	H6. Number of children and youth receiving nutrition education with the purpose of reducing childhood obesity. HRSA sponsored Home Visiting Programs None.	HRSA sponsored Home Visiting Programs Coaching Child Life programs Child Safety and Welfare Interventions	None.

New in Healthy Futures

- Access to Care: **Added** existing output and outcome measures that support distributing health care information and enrolling individuals into health care programs

Access to Care	H2. Number of clients to whom information on health insurance, health care access and health benefits programs is delivered.	Staffing hotline; Developing materials; Distributing information; Preventing Elder Abuse	None.
Access to Care	H3. Number of clients enrolled in health insurance, health services, and health benefits programs.	Staffing hotline; Developing materials; Distributing information; Preventing Elder Abuse	None.

New Option-Other Community Priorities

- All Senior Corps programs given the option to utilize Other Community Priorities if necessary.

Other Community Priorities		
Objective	Output	Outcome
Other	SC1. Grantee met their target for community priority activity. (Yes/No)	None.

National Performance Measure Requirement

How many Volunteer Service Years (VSYs) do I need in order to meet the requirements?

- Calculate: Total Federal Funding Level divided by \$6,000 = the number of VSYs
- Remember: Work plans are based on expected accomplishment at the ***end of the performance period***, i.e. in Year 3. Apply the NPM requirement based on VSYs for Year 3.
- For work plan projections, 1 VSY = 1 unduplicated volunteer

Performance Measures Work Plans

National Performance Measures Example

For Example:

- Annual Federal Funding Level = \$360,000
- Current number of VSYs = 100
- $\$360,000 / \$6,000 = 60$ **VSYs** in work plans with NPM outcomes for the Education focus area*

* Programs historically supporting inclusion of people with disabilities may use output H15 to meet this requirement

Example Cont'd

- In other words

Fed Funding	VSF rate	Minimum Number of Unduplicated Volunteers in Outcomes	Total Number of Unduplicated Volunteers
\$360,000	\$6,000	60	60
\$360,000	\$3,600	60	100

Screen Instructions

This tab allows you to create sets of aligned performance measures for all the grant activities you will measure.

- Begin by selecting a category title.
- Select an objective for your aligned performance measure.
- Provide a brief description of the need your project will address in this performance measure.
- Select the output you wish to measure in this set of workplans.

Performance Measures

- * Select Category Title
- * Select Objective
- * Enter Community Need

The description of the community need must be completed for each output you select. This needs statement should explain the compelling need that will be addressed by the volunteers. When you develop your community need, be sure to:
- * Select Output
- * Select Instrument * Enter Instrument Description
- Select Outcome
- Select Instrument * Enter Instrument Description
- * Select Service Activities Description

Common Pitfalls

Community Need/Problem statement	Explains service activities instead of presenting data demonstrating the specific issue in the community that the service activities will address.
	Turns into a “data dump” with too many indirect or unrelated statistics provided.
	The community need and intended outcome are not closely related.
Service Activity	Description of the design and service (how often, for how long, and where the service will take place, and who are the beneficiaries) is incomplete.
Outcome	Isn’t likely to result from the service activities proposed.
	Doesn’t directly relate to the community need.
Statistics	<p>Are not relevant, compelling, or current</p> <p>Do not come from data on program similar to the one proposed (based on design and dosage)</p> <p>Do not make a strong case for the choice of intervention (service activity)</p> <p>Sources are not cited</p>
