CPSC invites comments on these topics:
- Whether the proposed collection of information is necessary for the proper performance of CPSC’s functions, including whether the information will have practical utility;
- The accuracy of CPSC’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

We estimate the total annual dollar value of this collection to be $4,265. This estimate is based on an average of $36.77/hr. compensation, including benefits, from the National Compensation Survey published by the Bureau of Labor Statistics (U.S. Bureau of Labor Statistics, “Employer Costs for Employee Compensation by ownership,” Dec. 2018, Table 1, total compensation for civilian workers: http://www.bls.gov/ncs/). The total cost to the federal government for the contract to design and conduct the proposed survey is $117,458.
