Performance Measure Adoption and Implementation

For FY 2019, AmeriCorps State and National will streamline an update of the agency's performance measures and will continue to allow the use of applicant-determined performance measures. This will be shared with grantees.

AmeriCorps VISTA FY 2019 Annual Plan

FY Appropriation: \$92,364,000

Target Member Level: 8,500

Key Milestones

- October 2018: Issue Program Guidance (which articulates AmeriCorps VISTA programming priorities) to CNCS State Offices and Field
- October 2018 – September 2019: Hold Virtual Member Orientations and Virtual Supervisor Orientations throughout the year, along with 5-8 in-person In-Service Trainings/Convenings for members and supervisors

Programming Priorities

Founded in 1965, Volunteers in Service to America (VISTA) is a federal anti-poverty program designed to provide needed resources to nonprofit organizations and public agencies to increase their capacity to lift Americans out of poverty. AmeriCorps VISTA members build the organizational and financial capacity of local programs that help low-income Americans gain the skills and resources they need to break the poverty cycle.

This year, AmeriCorps VISTA will prioritize rural community development, veterans, STEM, workforce development (e.g., apprenticeships), and projects that help prevent and treat opioid/drug abuse.

Ultimately, CNCS expects to invest no less than 80 percent of AmeriCorps VISTA resources toward building the capacity of programs and organizations in the following focus areas:

- Economic Opportunity (Workforce Development, Employment, Financial Literacy, Housing)
- Education (STEM, School Readiness, High School Graduation, and Post-Secondary Success)
- Healthy Futures (Opioid Prevention/Intervention/Recovery, Food Security)
- Veterans and Military Families

AmeriCorps VISTA continues to build out its virtual training resources and is intensifying training and technical assistance for VISTA supervisors in FY19.

Performance Measure Adoption and Implementation

AmeriCorps VISTA will seek to support projects that demonstrate the effectiveness of their proposed intervention in addressing community needs. In addition to measuring project performance in organizational and financial capacity building, AmeriCorps VISTA will measure the value members receive from their national service experience.

AmeriCorps National Civilian Community Corps (NCCC) FY 2019 Annual Plan

FY Appropriation: \$32,000,000

Target Member Level (Traditional): 1,360

Target Member Level (FEMA Corps): 1,000 (FEMA Corps members are supported by FEMA funds)

Funding Priorities

The Serve America Act authorizes the AmeriCorps National Civilian Community Corps (NCCC) to operate a residential national service program that provides young people with leadership and team-building opportunities to meet national and community needs.

To evaluate the program's effectiveness and efficiency, AmeriCorps NCCC measures key objectives and targets, including the impact of member service and the opportunities and training provided to its members.

AmeriCorps NCCC Service Projects and Special Initiatives

In 2019, AmeriCorps NCCC project outreach and implementation will reflect a continued focus on the NCCC-specific service areas as outlined in the Serve America Act: response to natural and other disasters, infrastructure improvement, environmental stewardship and conservation, energy conservation, and urban and rural development.

To further build upon programmatic strengths such as our residential design and intensive member training program, AmeriCorps NCCC will continue in its role as the agency's lead responders in times of disasters as well as disaster preparation, mitigation, and recovery.

AmeriCorps NCCC will continue its partnership with the Federal Emergency Management Agency (FEMA) to support the goal of an additional 1,000 AmeriCorps NCCC members, who will work solely on FEMA-sponsored projects during their term of service.

AmeriCorps NCCC Members

The Serve America Act mandates that AmeriCorps NCCC engage participants from economically, geographically, and ethnically diverse backgrounds. Additionally, AmeriCorps NCCC was directed to conduct outreach to increase participation of disadvantaged youth to a target enrollment of 50 percent by the year 2012. In 2019, we anticipate reaching more than 40 percent, accompanied by an aggressive strategy for keeping us moving toward the very ambitious goal. To meet this goal, AmeriCorps NCCC will continue to implement measures as outlined in AmeriCorps NCCC's Annual Recruitment plan, including:

- Leverage new contract recruiters to target all NCCC applicant requirements
- Expand AmeriCorps NCCC recruitment efforts by conducting outreach to organizations and institutions that support youth from disadvantaged circumstances
- Collaborate with state and local corps programs to promote second year of service opportunities with AmeriCorps NCCC among their membership
- Promote AmeriCorps Week, Mayor's Day and all National Days of Service as opportunities to introduce school-aged children to service and volunteering
- Increase use of all social media outlets to recruit new members
- Expand the strategic use of the approximately 24,000 AmeriCorps NCCC alumni in recruitment efforts to increase the applicant pool for corps members and team leaders and aggressively promote national service

Performance Measure Adoption and Implementation

AmeriCorps NCCC will contribute to the seven applicable measures of the 16 agency-wide priority performance measures.
