CORONAVIRUS (COVID-19) FREQUENTLY ASKED QUESTIONS
AmeriCorps NCCC Program Specific Questions
Last update 3/12/20

CNCS is closely monitoring the latest developments related to Coronavirus Disease 2019 (COVID-19). Understandably, community members, National Civilian Community Corps (NCCC) members, and sponsors may have questions and concerns about the potential impact COVID-19 on the NCCC program. To help address these concerns, we are providing you with these FAQs.

How is NCCC promoting the safety of AmeriCorps NCCC members?

NCCC is educating members about the preventative measures they can take to minimize their risk of exposure to the coronavirus consistent with CDC guidance, ensuring they know what symptoms to look for, and reviewing procedures for members to promptly reporting symptoms in themselves or others. NCCC is also closely monitoring federal guidance regarding COVID-19 from other governmental entities to timely share information and implement any additional, necessary safety measures.

I am an incoming NCCC member and am concerned about potential exposure to the coronavirus if I travel to the campus by air.

The safety and security of members is our highest priority. We are closely monitoring guidance regarding COVID-19 in order to share information in a timely manner and are implementing recommended safety precautions. Typically, travel arrangements are made two to four weeks before the travel occurs. Depending on the circumstances at that time, NCCC will make appropriate travel arrangements for members. If programmatic changes become necessary, incoming members will be notified.
