

Disaster Training Recommendations by NSDS Levels

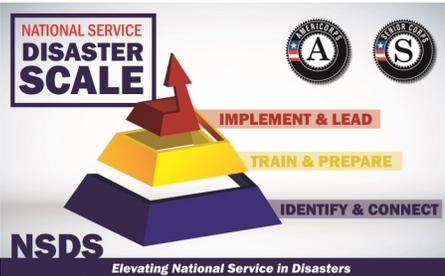

Overview

- This guide contains nationally known and widely accessible disaster trainings for National Service program members and staff, grouped by the National Service Disaster Scale
- Each training is detailed with:
 - ◇ Overview of the course
 - ◇ Prerequisite requirements (if any)
 - ◇ Organization offering the course with a hyperlink to more information
 - ◇ Additional notes about the course
- Additional online trainings and resources included:
 - ◇ CNCS Disaster Services Knowledge Network Resources, with hyperlinks
 - ◇ FEMA Independent Study Course Listings

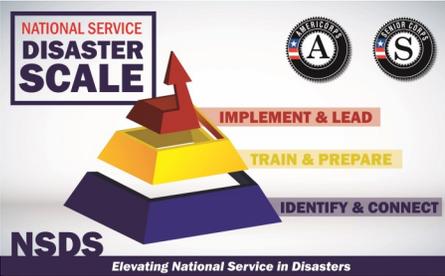

Disaster Training Recommendations: Blue

Training				
	<ul style="list-style-type: none"> - Introduces Incident Command System (ICS) - Provides foundation for higher level ICS training - Describes the history, features and principles, and organizational structure of ICS - Explains the relationship between ICS and NIMS (National Incident Management System). 	None	FEMA— Independent Study Course (# IS-0100.b)	Recommended as a priority training for members
	<ul style="list-style-type: none"> - Basic level introduction to guidelines and procedures for setting up, running and closing a shelter during a disaster - Provides opportunity to practice 6 phases of the sheltering cycle. 	None	American Red Cross	Some local American Red Cross Chapters may charge a per-person fee for this training— check with your local ARC Chapter for details

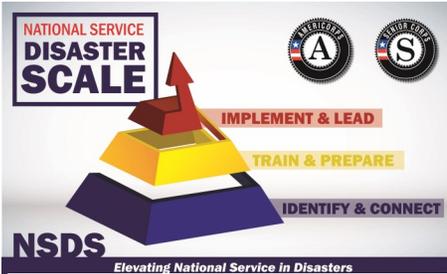

Disaster Training Recommendations: Blue

Training	Description	Pre-Requisites	Source/Weblink	Notes
Community Emergency Response Teams (CERT)	<p>- Multi-day course covers disaster preparedness for potential community hazards</p> <p>- Basic disaster response skills included in the curriculum include:</p> <ul style="list-style-type: none"> * Fire safety * Light search and rescue * Team organization * Disaster medical operations. 	<p>- Some states may require FEMA's online Independent Study Course #IS-0317, Introduction to Community Emergency Response Team, as a prerequisite.</p>	<p>FEMA course delivered by State/Local Emergency Management Agencies</p>	<p>- In some states, it may be more difficult to schedule due to budget cuts within the Emergency Management community.</p>
First Aid/CPR/AED—American Red Cross	<p>- Individuals learn to recognize/care for a variety of first aid emergencies such as:</p> <ul style="list-style-type: none"> * Burns, * Cuts * Scrapes * Sudden illnesses * Head, neck, back injuries * Heat and cold emergencies * Breathing and cardiac emergencies . 	<p>None</p>	<p>American Red Cross</p>	<p>- The course can be taken through a local Red Cross Chapter (search by location on website)</p> <p>- Certified and non-certified training options available.</p>

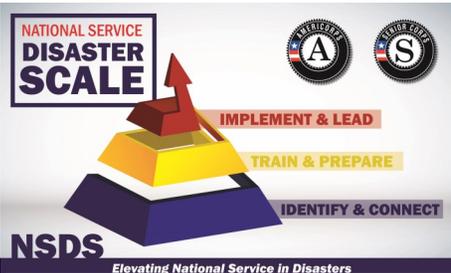

Disaster Training Recommendations: Blue

Training	Description	Pre-Requisites	Source/Weblink	Notes
First Aid/CPR/AED— American Heart Association	<p>- Heartsaver® First Aid/CPR/AED teaches critical skills needed to respond to/manage:</p> <ul style="list-style-type: none"> * First aid * Choking * Sudden cardiac arrest emergency <p>- Students learn skills such as:</p> <ul style="list-style-type: none"> * How to treat bleeding * Sprains * Broken bones * Shock * Other first aid emergencies <p>- This course also teaches adult CPR and AED use.</p>	None	American Heart Association	<p>- This course can be taken at American Heart Association Authorized Training Center OR in three part format with one online component</p> <p>- Certification is valid for two years.</p>
American Red Cross Disaster Response Overview	<p>- Overview American Red Cross Disaster Services Cycle</p> <p>- Describes the whole cycle process of assisting individuals, families and communities to prepare for, respond to, and recover from disasters</p> <p>- Reviews roles of community and government partners.</p>	None	American Red Cross	

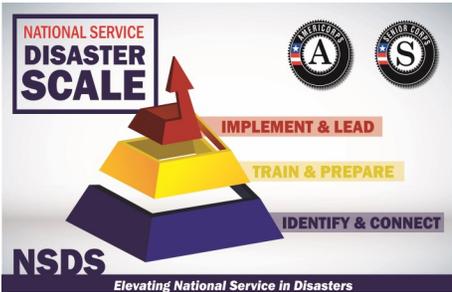

Disaster Training Recommendations: Yellow

Training	Description	Pre-Requisites	Source/Weblink	Notes
A-Faller Wildland Fire Fighting Chain Saw Training and Certification Program (FALA)	<p>Individuals learn:</p> <ul style="list-style-type: none"> - Necessary personal protective equipment - Chain saw maintenance - Start procedures - Basic felling, limbing and bucking techniques for trees up to 8” in diameter. 	S-212 Wildland Fire Chain Saws Course	Bureau of Indian Affairs, Branch of Wildland Fire Management	<ul style="list-style-type: none"> - Recommended as basic training for anyone using a chainsaw - Chain saw operators with this proficiency are accompanied by an individual with advanced training. Training meets - Occupational Safety and Health Administration standards.
Developing and Managing Volunteers	<ul style="list-style-type: none"> - Strengthens abilities to prepare for/manage volunteers before, during, and after an event. - Provides strategies for identifying, recruiting, assigning, training, supervising, and motivating volunteers - Include discussion of spontaneous volunteers and affiliated with community-based, faith-based, and nongovernmental organizations (NGOs). 	None	FEMA— Independent Study Course (# IS-0244.b)	<ul style="list-style-type: none"> - Ideal for members - Course is online only.

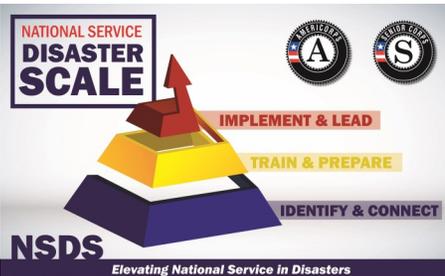

Disaster Training Recommendations: Yellow

Training	Description	Pre-Requisites	Source/Weblink	Notes
Emergency Flood Fighting Methods	<ul style="list-style-type: none"> - Instructional online document, provides details and instructions for: sandbagging (filling, passing and placing), levee reinforcement, and flood fighting techniques. 	None	State of California, Department of Natural Resources, Division of Flood Management , Flood Operations Branch	Check with your State Department of Natural Resources for similar trainings or resources they may offer.
Incident Command System (ICS) for Single Resources and Initial Action Incidents, ICS—200	<ul style="list-style-type: none"> - Enables personnel to operate efficiently during an incident or event within the Incident Command System (ICS) - ICS-200 provides training on resources for personnel who are likely to assume a supervisory position within the ICS. 	<ul style="list-style-type: none"> - IS-100, Introduction to the Incident Command System - Completion of IS # 0700.a, An Introduction to the National Incident Management System (NIMS) is recommended. 	FEMA— Independent Study Course (# IS-0200.b)	- IS-0200.b is an updated version of the IS-0200 course. If an Individual has successfully completed IS-0200 or IS-0200.a, they may want to review the new IS-0200.b. version of the course.
ICS-700 (An Introduction to National Incident Management System)	<ul style="list-style-type: none"> - Introduces and overviews the National Incident Management System (NIMS) - Provides a consistent nationwide template to enable all government, private-sector, and non-governmental organizations to work together during domestic incidents. 	None	FEMA— Independent Study Course (# IS-0700.a)	Recommended for individuals with emergency management responsibilities including prevention, preparedness, response, recovery and Mitigation.

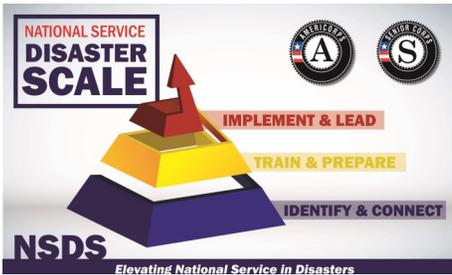

Disaster Training Recommendations: Yellow

Training	Description	Pre-Requisites	Source/Weblink	Notes
<p>OSHA-10</p>	<ul style="list-style-type: none"> - Train workers in the basics of occupational safety and health - Ten-hour OSHA Outreach courses (Construction /General Industry) assist employers in training and introducing employees to the basic practices of identifying, reducing, eliminating and reporting hazards associated with their work. 	<p>None</p>	<p>OSHA— (Occupational Safety and Health Administration)</p>	<ul style="list-style-type: none"> - To receive a Department of Labor wallet card, the person must complete the survey at the end of the course - There is a per-person charge for this course - Not recommended as a priority training.

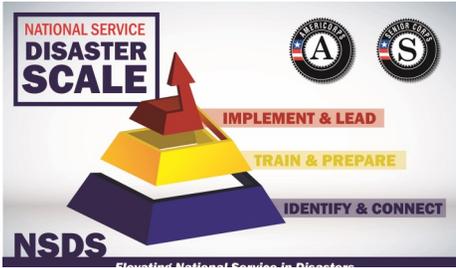

Disaster Training Recommendations: Red

Training	Description	Pre-Requisites	Source/Weblink	Notes
B-Faller: Wildland Firefighting Chainsaw Training and Certification Program	<ul style="list-style-type: none"> - Provides proficiency to work independently with periodic assistance/direction from field supervisor - Chainsaw operations for the purposes of bucking or de-limbing and felling trees with up to a 24" diameter at chest height 	Completion of A-Faller course	<u>Bureau of Indian Affairs, Branch of Wildland Fire Management</u>	Additional trainings may be sought from state agencies with focus of natural resources or environmental management such as Departments of Natural Resources, Parks Service, etc.
Fire Fighting Red Card Certification: S-190, Introduction to Wildland Fire Behavior (online)	<ul style="list-style-type: none"> - Instruction in primary factors affecting start and spread of wildfire and recognition of potentially hazardous situations - S-190 is typically taught in conjunction with or prior to Firefighter Training, S-130. The material is divided into three online modules (1 to 3 hours each) 	<ul style="list-style-type: none"> - Prerequisite for S-190: None - Prerequisite for C-130: S-190 	<u>National Wildfire Coordinating Group</u>	<ul style="list-style-type: none"> - Must have membership or agreement with NWCG to take and attend this training course - Coordinating training with the State Forestry Department/Office is recommended.
Managing Spontaneous Volunteers in Disasters, FEMA #G-0489	<ul style="list-style-type: none"> - Outlines benefits spontaneous volunteers bring to relief efforts and challenges they present if not coordinated effectively - Special emphasis on how to fully plan for and operate a Volunteer Reception Center pro- 	<ul style="list-style-type: none"> - Recommended ICS and NIMS (IS-0100, IS-022.b, IS-0700.a and IS-0800b. - Completion of FEMA Course IS-0244.b (Developing and Managing Volunteers) is recommended. 	<u>FEMA course</u> offered through State Emergency Management's Training Office or National Emergency Training Center	This one-day course has been developed for individuals responsible for the management of spontaneous volunteers. The morning session is classroom learning; the afternoon session is a disaster simulation.

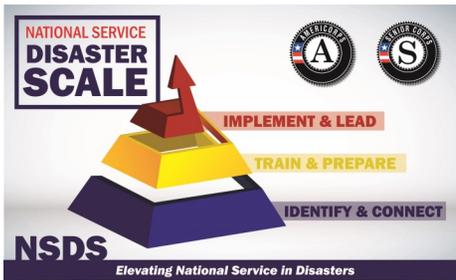

Disaster Training Recommendations: Red

Training	Description	Pre-Requisites	Source/Weblink	Notes
Donations Management; FEMA #G-0288	<p>- Course is designed to strengthen abilities of local jurisdictions to successfully prepare for and handle volunteer, donations, and cash management issues</p> <p>- Provides information regarding the state's volunteer and donations management responsibilities, designed to help build relationships between government and Non-Governmental Organizations.</p>	<p>- IS-0288, The Role of Voluntary Organizations in Emergency Management;</p> <p>- IS-0700.a, An Introduction to the National Incident Management System;</p> <p>- IS-0100.b, Introduction to the Incident Command System, ICS-100.</p>	<p>FEMA course (pg 208) offered through State Emergency Management's Training Office and/or the National Emergency Training Center.</p>	<p>- This is a 1 ½ day course designed for local Volunteer/Donations Coordinators, leading stakeholders from voluntary organizations, state/local Voluntary Organizations Active in Disaster (VOAD), etc.</p> <p>- Priority is given to the FEMA G-0489 Course over the G-0288 Course.</p>
Disaster Site Worker Trainer Course, OSHA #5600	<p>The twenty-four hour course prepares experienced Outreach Training Program trainers to present OSHA #7600 Disaster Site Worker Course. Course topics include:</p> <ul style="list-style-type: none"> * Disaster work zone safety * Respiratory protection * knowledge, skills, and attitudes to awareness training about safety and health standards at natural and human-made disaster sites. 	<p>Miscellaneous training courses are required as prerequisites. Please refer to weblink.</p>	<p><u>OSHA (Occupational Safety and Health Administration)</u></p>	<p>- To receive a Department of Labor wallet card, the person must complete the survey at the end of the course.</p> <p>- There is a per-person charge for this course.</p> <p>- Recommended for Program Staff if providing training regularly to members who need such training.</p>

Disaster Training Recommendations: Red

Training	Description	Pre-Requisites	Source/Weblink	Notes
Intermediate Incident Command Structure (ICS) for Expanding Incidents, ICS-300	<ul style="list-style-type: none"> - Provides training and resources for personnel who require advanced knowledge and application of the ICS - This course expands on information covered in the ICS-100 and ICS-200 courses 	ICS-100 and ICS-200 are recommended as prerequisites.	<u>FEMA, Independent Study Course</u>	This advanced ICS course is recommended for anyone serving as a Team Leader or liaison in a disaster response. Provides information on Incident Management Teams (IMTs) that FEMA deploys after a disaster and key contacts within the IMT.
Advanced Incident Command Structure (ICS), ICS-400	<ul style="list-style-type: none"> - Provides training and resources for personnel who require advanced application of ICS. - Expands upon information covered in ICS-100 through ICS-300. 	ICS-100, ICS-200, and ICS-300 are recommended as prerequisites.	<u>FEMA, Independent Study Course</u>	Recommended for Program Staff, but is not necessary for members.
An Introduction to the National Response Framework, ICS-800	This online course is an introduction to the National Response Framework. The course introduces participants to the concepts and principles of the Framework.	None	<u>FEMA Independent Study Course #IS-0800.b</u>	Recommended for Program Staff, but is not necessary for members.
