MEMBER PROFILE FORM - INFORMATION

During your service year, press releases will be sent to your hometown newspapers to share your service accomplishments with your communities. For the next 10 months you will make a difference in many lives, bringing hope to communities across the nation, through service in education, the environment, public safety, human needs, and disaster relief. We would like your families and communities to know all about it. We also hope that, by sharing your service experiences in AmeriCorps NCCC, we may inspire others to serve as well.

We need your personal information, and your local newspaper information, to create and distribute your press release. This information should be provided on the attached form. Please **call** your local newspapers (don't forget to include the small community papers too) to collect this information. Please do not rely upon the Internet for contact information - it is often outdated.

Gathering all of the requested information is very important. Incomplete information, such as a missing fax number or the name of the editor, impedes our process. The majority of the press releases will be faxed or e-mailed to your hometown newspapers. In some cases if it's a small newspaper they will ask that we mail in the press release. In this instance, having the mailing address is very important.

Please make sure that you collect all of the following information:

- Name of the Assignment Editor or City Editor. Small papers may not have an assignment or city editor; in this case ask who covers local or human-interest stories.
- Fax and phone numbers, and an e-mail address, to reach the person above.
- Newspaper mailing addresses.

Beckmann begins service work

During the week of March 1, Katie Beckmann, hailing from Howards Grove, began work on her first service project of the year with the National Civilian Community Corps, an AmeriCorps program.

AmeriCorps*NCCC is a residential national service program created to improve the environment, enhance education, increase public safety, address unmet human needs, and assist with disaster relief.

Beckmann arrived in Denver and began training Wednesday, Jan. 28, for 10 months of full-time service with AmeriCorps*NCCC. This training emphasized teamwork, leadership development, communication, service learning, and certification by the American Red Cross.

As a corps member, Beckmann will be responsible for completing various service projects as part of

a 10-12 person team. Twenty-eight teams composed of nearly 300 corps members and team leaders began serving the 17-state Central Region the first week in March.

Before joining the NCCC, Beckmann attended Howards Grove High School and UW-Milwaukee.

Beckmann said, "I have always wanted to make a difference in the world. I think this is a perfect opportunity. This is what I really want to do."

Mark and Diane Beckmann are Katie's parents.

Beckmann is one of 252 corps members from across the nation who will serve out of the Central Region campus in Denver.
