

*Title of Collection:* Fair Credit Reporting Act (Regulation V) 12 CFR Part 1022.

*OMB Control Number:* 3170-0002.

*Type of Review:* Extension without change of a currently approved collection.

*Affected Public:* Private sector.

*Estimated Number of Respondents:* 155.<sup>1</sup>

*Estimated Total Annual Burden Hours:* 4,156,000.

**Abstract:** The consumer disclosures included in Regulation V are designed to alert consumers that a financial institution furnished negative information about them to a consumer reporting agency, that they have a right to opt out of receiving marketing materials and credit or insurance offers, that their credit report was used in setting the material terms of credit that may be less favorable than the terms offered to consumers with better credit histories, that they maintain certain rights with respect to a theft of their identity that they reported to a consumer reporting agency, that they maintain rights with respect to knowing what is in their consumer reporting agency file, that they can request a free credit report, and that they can report a theft of their identity to the CFPB. Consumers then can use the information provided to consider how and when to check and use their credit reports.

**Request for Comments:** The Bureau issued a 60-day **Federal Register** notice on July 25, 2013 [78 FR 44930]. Comments were solicited and continue to be invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or

<sup>1</sup> The Bureau allocated half of the Federal Trade Commission (FTC) burden amount after subtracting the burden which the FTC has attributed to itself for motor vehicle dealers. Section 1029 of the Dodd-Frank Act exempts certain motor vehicle dealers from the Bureau's enforcement authority. However, due to the difficulty of making a reliable estimate of those dealers, the FTC has attributed to itself the PRA burden for all motor vehicle dealers. This attribution does not change the actual enforcement authority of either the FTC or the CFPB.

included in the request for Office of Management and Budget (OMB) approval. All comments will become a matter of public record.
