Serving in AmeriCorps & Senior Corps

\*Annual Snapshot

## ABOUT US

The Corporation for National and Community Service (CNCS) is the federal agency for service and volunteering. As the nation's top provider of grants to support these activities, CNCS harnesses America's most-powerful resource – the energy and talents of its citizens – to help communities address pressing challenges.

The CNCS Midwest Region office will further these efforts by connecting communities with resources through the AmeriCorps and Senior Corps programs. Our team assists national service applicants and grantees by providing training, technical assistance, and administrative oversight. In addition, we promote the national days of service on MLK Day and September 11th.

# MEET OUR TEAM

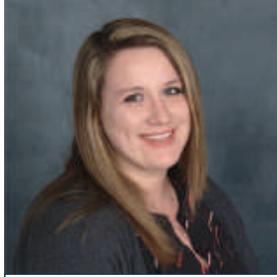

We look forward to working with you to maximize the impact of national service in your community.
