Completion of this information collection is not required to be considered for or obtain grant or resource funding support from AmeriCorps NCCC.

SUPPLEMENTARY INFORMATION: The Corporation is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

Background

This National Civilian Community Corps Sponsor Survey originally developed this Sponsor Survey to evaluate the program's performance impact on sponsoring organizations and communities. This measurement instrument works to capture outputs and outcomes of the NCCC program on the organizations and communities it serves. This information collection serves as part of an overall AmeriCorps NCCC logic model to help measure the degree to which the program is addressing the statutory areas of national and community needs in a way that strengthens communities and builds leaders. The survey will be administered electronically to all project sponsors after each project is completed.

Current Action

This is a revision of the information collection request. The NCCC Sponsor Survey consists of between 34 and 37 questions, depending on which responses the respondents specify. All sponsors will receive their survey as a single instrument. For each team on each project, the organization that partnered with AmeriCorps NCCC will receive an individual survey.

Type of Review: Revised.

Agency: Corporation for National and Community Service.

Title: NCCC Sponsor Survey.

OMB Number: 3045-01385.

Agency Number: None.

Affected Public: The NCCC sponsor survey will be administered to the project sponsor for any NCCC service project. These sponsors apply to receive a NCCC team, typically made up of 8-12 Members, for a period of approximately six-eight weeks to implement local service projects. There are approximately 1,200 projects that NCCC perform each year. The project sponsors are uniquely able to provide the information sought in the NCCC Sponsor Survey.

Total Respondents: Based on the number of projects completed last fiscal year, NCCC expects to administer 2,400 surveys each fiscal year. These may not be unique responders as many sponsors

receive teams on a rotating basis and thus may complete the survey more than once per year.

Frequency: Biweekly. Each sponsor will complete only one survey per team per project.

Average Time per Response: 30 minutes.

Estimated Total Burden Hours: 1,200 hours.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.
