If a contest winner is disqualified for any reason, CPSC may award the applicable prize money directly to the winner or winners. Each winner is hereby excluded, and any contestant expressly waives any and all such rights. Certain restrictions may apply. CPSC, in consultation with the judges, reserves the right, in CPSC’s discretion, not to make an award in one or more categories, based on factors such as quality, quantity, or nature of eligible entries. CPSC reserves the right to cancel, suspend, and/or modify the contest, or any part of the contest, for any reason, at CPSC’s sole discretion.

All decisions by CPSC are final and binding in all matters related to the contest.

By submitting an entry to the contest, all contestants and parents or guardians of the contestants agree to, and thereby do, release, discharge, and hold harmless the government and its employees, agents, contractors, and representatives (except in the case of willful misconduct) from any claims, losses, and damages arising out of their participation in this contest or any contest-related activities and the acceptance and use, misuse, or possession of any prize awarded hereunder, including claims for injury, death, damage, or loss of property, revenue, or profits, whether direct, indirect, or consequential, arising from their participation in the contest, whether the injury, death, damage, or loss arises through negligence, or otherwise. Contestants will not be required to waive claims against CPSC that arise from the unauthorized use or disclosure by the agency of the intellectual property, trade secrets, or confidential information of the contestant. The contestant and his or her parent or guardian shall be liable for, and shall indemnify and hold harmless, the U.S. government against all actions or claims for loss of, or damage to, property resulting from the fault, negligence, or wrongful act or omission of the contestant.

17. Liability Insurance. Contestants will not be required to obtain liability insurance or demonstrate financial responsibility for claims by: (1) A third party for death, bodily injury, or property damage, or loss resulting from activity carried out in connection with the participation in the competition, with the federal government named as an additional insured under the registered contestant’s insurance policy and registered contestants agreeing to indemnify the federal government against third party claims for damages arising from or related to competition activities; and (2) the federal government for damage or loss to government property resulting from such an activity.

18. Records Retention and Freedom of Information Act. All materials submitted as part of a contest entry (including the poster and the Contest Submission and Parental Consent Form) become CPSC records and will not be returned. No confidential information will be accepted with any contest entry. Contestants will be notified of any Freedom of Information Act requests for their contest entries in accordance with applicable law.

19. General Conditions. This contest is void where prohibited. Contestants agree that this contest shall be subject to, and governed by, the laws of the District of Columbia, and the forum for any dispute shall be in the District of Columbia, United States of America. Currently, CNCS is soliciting comments concerning its proposed renewal of the Disaster Response Cooperative Agreement (DRCA) application. The DRCA enables CNCS supported national service organizations to engage members and participants in disaster response efforts to disaster events and to be eligible to be reimbursed for expenses incurred while engaged in such efforts. This document describes eligibility criteria, the nature of disaster deployments, CNCS’s expectations for performance upon selection, and the application process. Also included are supporting forms and templates that are part of the deployment and reimbursement process. This agreement is the legal instrument by which organizations can be reimbursed by CNCS for expenses incurred by a disaster response, when it occurs under authority of a Mission Assignment from FEMA or another agency. National service organizations must have an approved and current agency. National service organizations must have an approved and current DRCA in order to be reimbursed for a CNCS authorized disaster deployment.

Copies of the information collection request can be obtained by contacting the office listed in the Addresses section by September 9, 2014.

DATES: Written comments must be submitted to the individual and office listed in the Addresses section by September 9, 2014.

SUPPLEMENTARY INFORMATION:

CNCS is particularly interested in comments that:

• Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of CNCS, including whether the information will have practical utility;

• Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

• Enhance the quality, utility, and clarity of the information to be collected; and

• Minimize the burden of the collection of information on those who are expected to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submissions of responses).

Background

The information collected will be used to help CNCS more effectively utilize its deployable resources to meet the needs of disaster affected communities. A better understanding of the participating programs will allow CNCS to match the capabilities of the programs to the needs of the communities and will allow better asset mapping and resource typing. Additionally, the information collected will allow CNCS to conduct better outreach to interested programs by providing them with more information about CNCS disaster procedures, reimbursement requirements, and support services offered.

The additional tools and forms under the DRCA will allow for effective information collection during a disaster event as well as assess the capacity of all DRCA programs throughout the year. Information will be collected electronically through completion of the forms and emailed to CNCS.

Current Action

CNCS seeks to renew the current information collection. The revisions are intended to streamline the application process and ensure interested programs meet the appropriate programmatic and fiscal requirements to successfully execute disaster response activities. Additionally, the supporting forms will help CNCS identify and deploy programs more effectively and efficiently, matching the capabilities of the programs to the needs of the communities requesting assistance.

The information collection will otherwise be used in the same manner as the existing application. CNCS also seeks to continue using the current application until the revised application is approved by OMB. The current application is due to expire on March 31, 2015.
