### *Rhode Island is a closed records state.*

Some form of criminal history information is open to the public in “open records” states. In “closed records” states, access to criminal history information is not generally available to the public, but is available to authorized entities (e.g. law enforcement agencies).

## State Checks

General Information on State Checks:

- While two options for types of state checks are listed below, name-based and fingerprint-based, only one type of state check is required. CNCS does not recommend one of these checks over the other. Either the name-based state check or the fingerprint-based state check is acceptable.
- Please note that to be in compliance with CNCS requirements, recipients may have to conduct checks in up to two states: the state of service/work check on individuals in covered positions, as well as a state of residence check (i.e. if the state of residence is different from the state of service/work at the time of application).

### Name-Based State Checks

**Available from:** Department of the Attorney General, Bureau of Criminal Identification

**What is released:** Disqualifying offense or no disqualifying offense.

**Cost:** \$5.00

**How long does it take to obtain results?** Usually within 7 business days

### Fingerprint-Based State Checks

**Available from:** Department of the Attorney General, Bureau of Criminal Identification

**What is released:** Disqualifying offense or no disqualifying offense.

**Cost:** \$15.00

**How long does it take to obtain results?** Usually within 7 business days

**Available to:** Third-party organizations can request checks on individuals as long as they sign a release form and have it notarized. See the “For Third Party” section on this website: <http://www.riag.ri.gov/BCI/index.php>

**Additional notes:** The fingerprinting process stops at 4:00 pm Monday – Friday.

## Approved Alternative Repositories

*State repositories are institutions that house and maintain the arrest and disposition (or outcome) information for cases handled in that state. Each state has a central repository, and CNCS has designated one in each state that grantees must use. In some cases, generally when a different institution is able to provide information that is equivalent to what is provided by the state repository, CNCS may designate them as an Approved Alternative Repository.*

None at this time.

## FBI Checks

**FBI Check Guidance:** <http://www.nationalservice.gov/FBIGuidance>

**State Repository Provides FBI Checks:** Yes

**Cost:** \$35.00; the cost of fingerprinting is \$15.00

**Available to:** Employers and state agencies

**CNCS FBI Channeler:** Organizations that cannot successfully use the state repository for FBI checks may use CNCS’s FBI-approved Channeler, Fieldprint, for FBI checks.

**Cost:** The cost for one FBI check through Fieldprint is \$27.50.

**How long does it take to receive results?** The majority of checks conducted electronically take no more than two business days from the date the fingerprints are captured. If an applicant does not live near a Fieldprint livescan location and fingerprints must be taken manually and mailed, it will take longer to receive the results. See the Fieldprint Guide and FAQ (linked below) for more information.

## NSOPW (National Sex Offender Public Website) Check

[nsopw.gov](http://nsopw.gov)

A required component of the NSCHC is a nationwide check of NSOPW.gov before an individual begins work or service in a covered position. Please note that a compliant nationwide NSOPW check must include reports from all states, territories, and tribes. If any state, territory, or tribe is unavailable at the time the NSOPW check is conducted, you must either run a nationwide NSOPW check again through NSOPW.gov and ensure that all entities are reporting, or run a separate check for each entity that is not reporting through the state sex offender registry website.

Please note that a check of a single state's sex offender registry alone is not sufficient to meet the requirements of the nationwide NSOPW check requirement. The information provided in the State Sex Offender Registry Information section is for reference purposes only in the event that a single state sex offender registry check is necessary to supplement an incomplete nationwide NSOPW check.
