III. Definitions of Terms and Acronyms Used in This Report:

A. Agency-specific acronyms or other terms.

**Working days** – actual days counted to determine the Corporation’s processing time (excluding weekends and legal holidays).

B. Basic Terms used in this report.

**FOIA/PA request** -- Freedom of Information Act/Privacy Act request. A FOIA request is generally a request for access to records concerning a third party, an organization, or a particular topic of interest. A Privacy Act request is a request for records concerning oneself; such requests are also treated as FOIA requests. (All requests for access to records, regardless of which law is cited by the requester, are included in this report.)

**Initial Request** -- a request to a federal agency for access to records under the Freedom of Information Act.

**Appeal** -- a request to a federal agency asking that it review at a higher administrative level a full denial or partial denial of access to records under the Freedom of Information Act, or any other FOIA determination such as a matter pertaining to fees.

**Processed Request or Appeal** -- a request or appeal for which an agency has taken a final action on the request or the appeal in all respects.

**Multi-track processing** -- a system in which simple requests requiring relatively minimal review are placed in one processing track and more voluminous and complex requests are placed in one or more other tracks. Requests in each track are processed on a first-in/first out basis. A requester who has an urgent need for records may request expedited processing (see below).

**Expedited processing** -- an agency will process a FOIA request on an expedited basis when a requester has shown an exceptional need or urgency for the records which warrants prioritization of his or her request over other requests that were made earlier.
**Simple request** -- a FOIA request that an agency using multi-track processing places in its fastest (nonexpedited) track based on the volume and/or simplicity of records requested.

**Complex request** -- a FOIA request that an agency using multi-track processing places in a slower track based on the volume and/or complexity of records requested.

**Grant** -- an agency decision to disclose all records in full in response to a FOIA request.

**Partial grant** -- an agency decision to disclose a record in part in response to a FOIA request, deleting information determined to be exempt under one or more of the FOIA's exemptions; or a decision to disclose some records in their entireties, but to withhold others in whole or in part.

**Denial** -- an agency decision not to release any part of a record or records in response to a FOIA request because all the information in the requested records is determined by the agency to be exempt under one or more of the FOIA's exemptions, or for some procedural reason (such as because no record is located in response to a FOIA request).

**Time limits** -- the time period in the Freedom of Information Act for an agency to respond to a FOIA request (ordinarily 20 working days from proper receipt of a "perfected" FOIA request).

"**Perfected" request** -- a FOIA request for records which adequately describes the records sought, which has been received by the FOIA office of the agency or agency component in possession of the records, and for which there is no remaining question about the payment of applicable fees.

**Exemption 3 statute** -- a separate federal statute prohibiting the disclosure of a certain type of information and authorizing its withholding under FOIA subsection (b)(3).

**Median number** -- the middle, not average, number. For example, of 3, 7, and 14, the median number is 7.

**Average number** -- the number obtained by dividing the sum of a group of numbers by the quantity of numbers in the group. For example, of 3, 7, and 14, the average number is 8.

XII. Report on FOIA Executive Order Implementation:

A. The Corporation for National and Community Service did not supplement or modify its improvement plan.

B. The Corporation is pleased to report that it has met all of its milestones. The milestones are as follows:

1. Affirmative/Proactive Disclosure – Consulted with the agency webmaster and determined that we need to identify more clearly an electronic reading room and to improve the organization of resources posted in the electronic reading room. The FOIA Disclosure Officer also adopted a systematic process to identify frequently-requested records. The FOIA Disclosure Officer implemented a procedure to review the types of FOIA requests received on a quarterly basis. At the end of each quarter the FOIA Disclosure Officer reviews the electronic FOIA log and highlights the frequently-requested records. These documents are added to the electronic reading room. The FOIA Disclosure Officer reports to the Chief FOIA Officer the results of the previous quarter’s activity and identifies any documents that have been posted in the electronic reading room. We implemented this procedure beginning the first quarter of fiscal year 2007.

2. Overall Website Improvement - The FOIA Disclosure Officer worked with the agency webmaster to clearly identify the Corporation for National and Community Service’s electronic reading room and has substantially improved the website by December 31, 2006. Improvements to the organization of resources in the electronic reading room have been verified by the Chief FOIA Officer.
3. Additional Training needed - The FOIA Disclosure Officer and FOIA Counsel attended and completed FOIA training in 2006 which the Agency Chief FOIA Officer verified. The following are the courses completed:
