

Corporation for National and Community Service Social Innovation Fund – FY 2012 External Expert Review Participants

The Corporation for National and Community Service (CNCS) engaged forty-one External Expert Review Participants to assess grant applications submitted to CNCS for the Social Innovation Fund (SIF) FY2012 grant competition. This review consisted of two parts: a programmatic review and an evaluation review.

The Expert Review Participants were a diverse group of professionals, practitioners, and volunteers. Participants were representative of multiple sectors, different backgrounds and experiences; and they held a solid level of expertise in evaluation, nonprofit management, social entrepreneurship, or one of the focus areas identified in the NOFA.

As part of the CNCS commitment to open government, their names are listed below.

List of External Program Reviewers and External Evaluation Reviewers
