

Building a Blueprint for Change

Service Initiative

Visioning Form

Each subcommittee should create a vision statement related to its priority issue. This means envisioning a time when the identified need no longer impacts the city.

Consider what participants said during the needs assessment process about their vision for how things could be different around the specified need. A vision statement should be an inspiring, clear view of a desired future state.

Subcommittee Name/Priority Need: _____

What will success look like once we have leveraged community assets to eliminate the need?

We envision...
