

## Client Survey Tracking Sheet (Sample)

If you are measuring **H9**, clients that have been receiving independent living/companionship services for the minimum amount of time (which you indicated in your work plan) should complete the **SCP Independent Living Performance Measure Survey**. This is a sample tracking sheet to help you determine who should get a survey and if you need to follow up. It includes space to note how you gave them the survey (method). It also includes the type of assistance the client needs to complete the survey, if any, and the final result (when the survey was completed; when the person declined; or if the person did not respond to requests).

You do not need to turn in this tracking sheet. Please use it if you find it helpful, and revise it to fit your needs.
