

Forecast of Funding Opportunities Competitive Grant Programs for Fiscal Year 2014

This document presents a forecast of grant competitions through which the Corporation for National and Community Service (CNCS) expects to invite applicants to apply for new awards. CNCS published this document to provide potential applicants with information they could use in planning for future grant competitions.

- **"Funding Opportunities Anticipated"** lists the currently planned grant competitions for the rest of fiscal year (FY) 2014. The dates provided are estimated and the *Notices* have not yet been published.

Potential applicants should note, however, that the Funding Opportunities Anticipated could change if CNCS needs to cancel or announce a new competition.

CNCS posts all announced grant competitions on its website. The *Notices* contain the actual dates of the competition, as well as its requirements and selection criteria.
