# About CNCS

- Independent federal agency with a Board of Directors and Chief Executive Officer that are appointed by the President and confirmed by the Senate
- Dedicated to improving lives and strengthening communities, fostering civic engagement through service and volunteering, and catalyzing social innovation and evidence-based solutions.
- As the nation's largest grant maker in support of service and volunteering, engages more than five million Americans of all ages and backgrounds in service to their communities each year through programs such as Senior Corps and AmeriCorps

# About SIF

“The bottom line is clear: **solutions to America’s challenges** are being developed every day at the **grass roots** – and government shouldn’t be supplanting those efforts, it should be **supporting those efforts**.

“Instead of wasting taxpayer money on programs that are obsolete or ineffective, government should be seeking out **creative, results-oriented** programs ... and helping them **replicate their efforts** across America.”

*-President Obama, June 30, 2009*

# About SIF

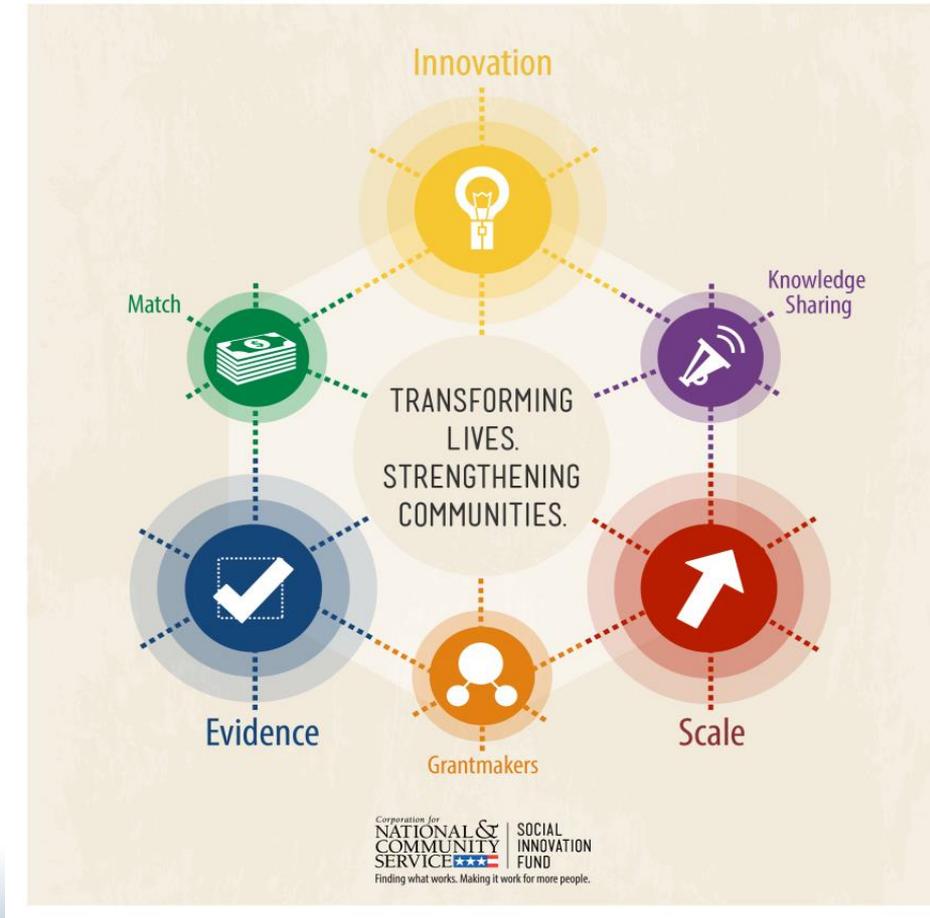

The Social Innovation Fund (SIF) is a key White House initiative and program of the Corporation for National and Community Service (CNCS).

---

SIF combines public and private resources to grow the impact of innovative, community-based solutions that have compelling evidence of improving the lives of people in low-income communities throughout the United States.

# The SIF Pay for Success Competition

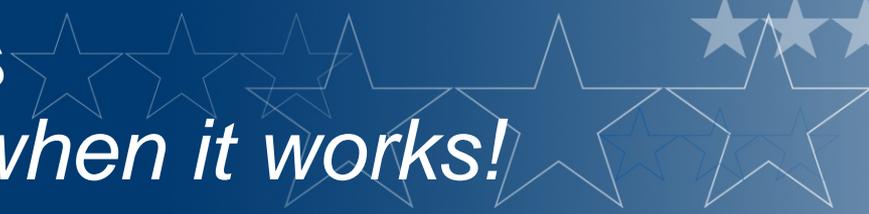

# Why Does PFS Financing Matter?

- **Tight budgets and growing need** - At a time when all levels of government are facing cutbacks, Pay for Success offers a financing solution for preventive services, which lead to reduced costs and better outcomes in the long-term.
- **Leverage private sector investors to scale effective interventions**
  - Philanthropic and other private organizations provide the up-front capital for social services that, when successful, achieve measurable outcomes that improve lives and reduces future needs.
- **Achieve better outcomes for federal, state and local governments in a diverse range of program areas** – Emphasizes preventive services provided by innovative, data-driven service providers.
- **Minimizes risk to the government and maximizes return on taxpayer dollars** - The government pays only for demonstrated results, private sector investors bear the primary financial risk until outcomes are achieved.

# About Pay for Success

*Paying for what works, when it works!*

# PFS Competition Objectives

- **Assess** the potential of PFS to address various social challenges across the country
- **Diversify** pipeline of governments and nonprofit organizations that are prepared to engage in PFS
