

National Service in Massachusetts

MEETING COMMUNITY NEEDS IN MASSACHUSETTS

More than 10,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Massachusetts. Serving at more than 1,200 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$41,180,000 to support Massachusetts communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$31,160,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 3,300 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Massachusetts. Most AmeriCorps grant funding goes to the Massachusetts Service Alliance, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 27,000 Massachusetts residents have served more than 37 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$85,580,000.

Senior Corps: More than 7,000 seniors in Massachusetts contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 6,600 young people who have special needs. Senior Companions help more than 950 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 480 groups across Massachusetts.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Massachusetts, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$4,550,000 in expanding the impact of 7 nonprofits in Massachusetts, selected and supported by 3 intermediaries.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

TOTAL LOCAL PROGRAM SUPPORT (Non-CNCS Resources)					\$31,168,453 ⁶
TOTAL CNCS FUNDING + TOTAL LOCAL PROGRAM SUPPORT					\$72,352,282

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Massachusetts. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- Massachusetts is served by the AmeriCorps NCCC campus located in Perry Point, Maryland. In the past year, AmeriCorps NCCC teams have served on projects in Boston, S Dartmouth, Marshfield, Edgartown, Braintree, Lawrence, Sudbury, Russell, Maynard, Marion.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 27,000 Massachusetts residents have served more than 37 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$85,580,000.

National Service Impact in Massachusetts

AmeriCorps

The Massachusetts Legal Assistance for Self-Sufficiency AmeriCorps program places 28 college and law school graduates with an interest in public service law at participating legal services organizations in high need areas throughout Massachusetts. Members serve under professional supervision and provide legal assistance to low-income people involved in civil (non-criminal) matters. From 2011 to 2012, 472 individuals were assisted in transitioning to safe, healthy, and affordable housing. Members provided initial screenings for 3,342 cases, counsel and advice or brief service to 2,880 cases, and worked on 800 extended or impact cases in areas such as benefits and family law. Members recruited 349 community volunteers to serve 5,678 hours. Ten members who served during 2011 to 2012 are currently employed in the legal field, five went on to graduate school, and seven members returned for a second year of service.

AmeriCorps NCCC

The Marion Institute is dedicated to identifying, promoting, and incubating sustainability and social justice programs and projects that seek to find a solution for the root causes of local and global issues. These pilot programs are shared during the annual Connecting for Change Conference. Members from AmeriCorps NCCC assist in all phases of planning, organizing, and implementing the Connecting for Change Conference. Through this partnership in 2012, 4,000 adults were educated on sustainability and energy conservation practices, 950 youth were educated on sustainability, 2,500 people participated in a recycling program, and 30 new energy conservation programs were developed.

AmeriCorps VISTA

AmeriCorps VISTA members serving with Partners for Youth with Disabilities have worked to improve the sustainability of the program by strengthening both its financial and non-financial foundations. Collectively, members have made improvements in the organization's communication processes and increased its social media presence. This success resulted in the first agency-wide E-newsletter. The person who served as the organization's Mentoring and National Center VISTA member helped develop training and recruitment tools to expand the mentoring program and organized the organization's most successful set of Job Shadow days in the last two years. The talented group of AmeriCorps VISTAs serving at the organization builds on the previous members' accomplishments and their work continues to bear fruit through the continuation of donations, sponsorships, and programming.

Senior Corps

The City of Boston RSVP and Senior Companion Program and Boston Catholic Charities Foster Grandparent Program sent 30 volunteers and staff to assist with flag planting on the Boston Common for Memorial Day. They partnered with the Massachusetts Military Heroes Fund to plant 33,000 flags and marked the 150th anniversary of the Civil War. Each flag represented a Massachusetts service member who had lost his or her life defending our country since the Civil War. One of the Foster Grandparents is himself a veteran, so this was quite a meaningful experience. The display raised awareness of the sacrifices and service of veterans and preparations needed to welcome home more than 30,000 troops. Activities like this have led to other Senior Corps service collaborations, such as the 9/11 Day of Service and Remembrance letter writing campaign and MLK Day family food bank brown bag project.

Social Innovation Fund

The AIDS Action Committee of Massachusetts is implementing the Linking for Access and Retention in Comprehensive Care (LARCC) Project. They were selected by the Social Innovation Fund intermediary AIDS United to receive an initial annual award of \$217,250, which they will match dollar-for-dollar with nonfederal funds. LARCC will improve the health outcomes of HIV-positive women, men who have sex with men, and injection drug users; enhance and expand access and retention in mental health services and self-management support groups; improve the self-sufficiency of people living with HIV/AIDS who are not engaged in care through benefit enrollment, training, education, and employment; and expand the continuum of care for PLWH/A to better support long-term self-sufficiency. The primary goal of the LARCC Project is to improve the health of PLWH/A by providing comprehensive bio/psycho/social support from levels of crisis to stability and self-sufficiency.

Volunteer Generation Fund

The Massachusetts Service Alliance supported 26 organizations during Martin Luther King, Jr. Day and National Volunteer Week and engaged 9,593 volunteers who gave 36,891 hours of service to 345 sites. Projects included repair work at veterans shelters, invasive species removal and trail maintenance, debris removal at local parks, food, clothing and toiletries drives, weatherization of low-income homes, the creation of activity kits for hospitals, and packaging and delivering meals to local food pantries. The Alliance has also maintained its focus on YOU Generate, a statewide volunteer awareness campaign. Emphasis was placed this year on building out the "resources page" of MassVolunteers.org including the addition of six Volunteer Management Resource Tip Sheets created by MSA staff and volunteer connectors to assist nonprofit organizations with creating or improving their volunteer programs.
