

National Service in New York

MEETING COMMUNITY NEEDS IN NEW YORK

More than 27,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in New York. Serving at more than 3,400 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$78,550,000 to support New York communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$58,550,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 6,700 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across New York. Most AmeriCorps grant funding goes to the New York State Commission on National and Community Service - New Yorkers Volunteer, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 72,000 New York residents have served more than 110 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$251,940,000.

Senior Corps: More than 20,000 seniors in New York contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 4,600 young people who have special needs. Senior Companions help more than 1,800 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 1,600 groups across New York.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in New York, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$8,890,000 in expanding the impact of 20 nonprofits in New York, selected and supported by 5 intermediaries.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in New York. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- New York is served by the AmeriCorps NCCC campus located in Perry Point, Maryland. In the past year, AmeriCorps NCCC teams have served on projects in Albany, Staten Island, Rockaway Park, White Plains, New Rochelle, Forest Hills, Garden City, Queensbury, Claryville, Schoharie, Woodbury, Newburgh, New York, Brooklyn, Queens.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 72,000 New York residents have served more than 110 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$251,940,000.

National Service Impact in New York

AmeriCorps

New York Restoration Project (NYRP) actively involves volunteers, public agencies, and community and faith-based groups working to provide community residents with the “clean, green, safe oasis of natural beauty required for physical and mental health”. From 2011 to 2012, 24 NYRP AmeriCorps members leveraged 5,969 volunteers. Together, they removed 122,685 pounds of trash and debris from 60 acres of public parkland, 52 community gardens and streetscapes in low-income communities of New York City. Members and volunteers planted 8,628 trees on 60 acres of publically accessible property as part of the Million Trees initiative. The New York Restoration Project recruited eight previously unemployed, economically disadvantaged individuals as AmeriCorps members, teaching them construction, horticulture, and forestry skills. Those members secured skills-based employment after their AmeriCorps service. NYRP also provided 2,930 economically disadvantaged youth with educational opportunities focused on healthy eating choices, the benefits of physical fitness, and the importance of good nutrition.

AmeriCorps NCCC

Habitat for Humanity of Greater Newburgh is dedicated to providing decent, affordable housing in partnership with families in need. Habitat seeks to rebuild a sense of community with the common goal of strong neighborhoods and dignity through homeownership. Along with the Habitat for Humanity chapter, AmeriCorps NCCC members worked in six different homes within Newburgh. Work included painting, installing cabinets and vanities, constructing fencing, and removing 2,500 pounds of debris. These homes are part of a five-year goal of 50 new homes in Newburgh, and will serve to transform the community by providing permanent housing for families and stabilizing lives for future generations.

AmeriCorps VISTA

The Service Collaborative of Western New York through their AmeriCorps VISTA project is serving the unmet needs of veterans, members of the Armed Forces who are on active duty, and family members of deployed military personnel. The VISTAs are increasing the number of veterans receiving services and assistance, including veterans with disabilities, veterans who are unemployed, older veterans, and veterans in rural communities. To date, 235 veteran and military families have received services through partner agencies. Additionally, VISTA members were able to obtain employment skills and training for 61 veterans, and 81 low-income or at-risk veterans and military personnel were assisted in pursuing educational opportunities by accessing GI Bill educational benefits.

Senior Corps

Sixty Foster Grandparent volunteers provided a minimum of 20 hours weekly for 35 weeks serving 120 Head Start children through the WestCOP Foster Grandparent Program in Elmsford. Foster Grandparent activities included nurturing, reading and sharing books, and providing literacy and language activities to the children to ensure school readiness. Ninety-three percent of the students (112 of the 120) who worked with a Foster Grandparent showed moderate and/or high improvement in three or more identified skill areas. Eighty-nine percent of the students who worked with a Foster Grandparent were promoted and ready to enter Kindergarten because of their improvements in teacher identified skill areas with 106 students (88.3 percent) having improved their overall math skills and 96 students (80 percent) having improved their overall reading skills.

Social Innovation Fund

The Mayor’s Fund to Advance New York City and the NYC Center for Economic Opportunity (CEO) are replicating five effective anti-poverty programs originally piloted by CEO with Social Innovation Fund (SIF) support. By advancing the education, employment, and financial savings of low-income adults and families, the programs combat poverty across a diverse cross-section of America. Eight of the Mayor’s Fund’s nonprofit subgrantees are located in New York and received initial grants totaling nearly \$2.8 million, which they will match dollar-for-dollar with nonfederal funds. With these investments, they expect to serve an additional 4,200 individuals and families.

Volunteer Generation Fund

Using their Volunteer Generation Fund grant, the New York State Commission on National and Community Service strengthened the volunteer infrastructure throughout New York State by establishing new volunteer centers and building the capacity of existing volunteer centers to match volunteers with opportunities that fit their skills and interests. The grant has led to leveraging of a substantial number of new volunteers, increased participation in the National Days of Service, the development of a statewide portal to collect service-impact data and connect volunteers with service opportunities, new strategic partnerships with public and private agencies, and the sharing of best practices and training resources among the network of regional volunteer centers. New York State’s regional volunteer center infrastructure was a leading entity coordinating volunteers and national service resources during the response to Hurricane Sandy, and it continues to connect New Yorkers with opportunities to support the state’s on-going restoration efforts.
