

National Service in Wisconsin

MEETING COMMUNITY NEEDS IN WISCONSIN

More than 14,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Wisconsin. Serving at more than 1,500 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$21,550,000 to support Wisconsin communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$9,980,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 1,700 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Wisconsin. Most AmeriCorps grant funding goes to the Serve Wisconsin, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 21,000 Wisconsin residents have served more than 31 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$75,520,000.

Senior Corps: More than 12,000 seniors in Wisconsin contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 5,200 young people who have special needs. Senior Companions help more than 520 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 910 groups across Wisconsin.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Wisconsin, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$400,000 in expanding the impact of 2 nonprofits in Wisconsin.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Wisconsin. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 21,000 Wisconsin residents have served more than 31 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$75,520,000.

National Service Impact in Wisconsin

AmeriCorps

The Western Dairyland Fresh Start program engaged 25 AmeriCorps members in 2012-2013. Members are at-risk young people – high school drop-outs, offenders, low-income, teen parents, with no meaningful work history. Members are involved in construction or rehabbing of homes while they work toward attainment of high school diploma. The members learn positive life skills, pay off restitution, assist other nonprofits through service-learning projects, engage local community members in volunteerism, acquire work skills, and enter post-secondary education. The new house is sold to an income-eligible family. The program had an impressive 92 percent AmeriCorps member retention rate for 2012-2013. Programming for at-risk young people is non-existent in these rural communities, making the work of the Western Dairyland Fresh Start AmeriCorps program even more important.

AmeriCorps NCCC

The mission at Wisconsin Badger Camp is to serve people with developmental disabilities by providing them with a quality outdoor recreational experience. The camp was established in 1966 by a group of parents who believed there was a need for individuals with developmental disabilities to have a place to experience the outdoors. While serving at the Wisconsin Badger Camp, an AmeriCorps NCCC team served as camp counselors for 48 campers for roughly three weeks, performed general camp maintenance, and planned and implemented a weekend respite program. The team learned to plan and hold activities for children, how to best manage behavior, and about the inner workings of a camp.

AmeriCorps VISTA

In its inaugural year of sponsorship, Habitat for Humanity of Wisconsin hosted 17 AmeriCorps VISTA and 16 Summer Associate AmeriCorps VISTA members. Together, they recruited and managed 3,618 community volunteers who volunteered more than 42,000 hours supporting local Habitat for Humanity affiliates. The AmeriCorps VISTA members also generated \$86,911 in cash resources and leveraged another \$461,785 of in-kind donations. These efforts helped enhance the capacity of affiliates to build affordable housing in partnership with low-income families. The 16 affiliates from around Wisconsin who hosted AmeriCorps VISTA members helped nearly 200 families either move in to affordable homeownership or increase the value and livability of their present home.

Senior Corps

In 2013, Dane County RSVP in Madison expanded its Vets Helping Vets program in two areas. In a unique partnership with the VA Hospital, they now offer evening and weekend rides to veterans. Working with the Housing Urban Development/Veteran Affairs Supporting Housing group, RSVP volunteers provide rides to participants to food pantries. A total of 76 veteran drivers provided 2,052 rides to older Vets and their spouses (age 60 and older), and 233 rides to Vets younger than 60 and their spouses through September 2013. One client stated, "Without this service I would be lost. There are days that I come home from an appointment and can barely walk. I feel this service helps keep me independent."

Social Innovation Fund

Partnering with Social Innovation Fund (SIF) intermediary Jobs for the Future, the National Fund for Workforce Solutions (NFWS) is expanding its targeted training and technical assistance to at least 23,000 low-income individuals while also addressing the critical skill needs of more than 1,000 employers throughout the state with two nonprofit collaborators, Milwaukee Area Workforce Funding Alliance/Donors Forum of Wisconsin and Workforce Central/Encourage Community Foundation. Through an initial subgrant totaling \$1 million over two years from Jobs for the Future, which will be matched dollar-for-dollar with nonfederal funds, the Milwaukee Area Workforce Funding Alliance intends to assist almost 3,970 job seekers, placing 840 in jobs. Over the two-year grant period they will also serve 840 incumbent workers, helping 580 workers to receive wage increases. Workforce Central will serve 320 job seekers, placing 150 of these people in jobs as well as assist 1,100 incumbent workers receive additional training and education helping 435 of them garner wage increases.
