

National Service in Florida

MEETING COMMUNITY NEEDS IN FLORIDA

More than 15,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Florida. Serving at more than 1,800 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$39,030,000 to support Florida communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$15,950,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 2,100 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Florida. Most AmeriCorps grant funding goes to the Volunteer Florida, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 28,000 Florida residents have served more than 39 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$82,380,000.

Senior Corps: More than 13,000 seniors in Florida contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 7,900 young people who have special needs. Senior Companions help more than 2,400 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 700 groups across Florida.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Florida, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$88,000 in expanding the impact of 2 nonprofits in Florida.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2014 - 2015 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Florida. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- Florida is served by the AmeriCorps NCCC campus located in Vicksburg, Mississippi. In the past year, AmeriCorps NCCC teams have served on projects in Eustis, Keystone Heights, Big Pine Key, Tallahassee, Pensacola, Kissimmee, Homestead, Naples.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 28,000 Florida residents have served more than 39 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$82,380,000.

AmeriCorps State

Florida's AmeriCorps members served 55,250 students through tutoring, mentoring, and educational services in 271 schools. Eighty percent of students tutored and tested demonstrated learning gains. In addition, AmeriCorps programs trained and engaged 7,853 additional volunteers who provided 49,917 volunteer hours addressing community needs including rebuilding after a natural disaster, job training/placement, mentoring at risk youth and environmental restoration.

AmeriCorps Goodwill Goodworks provided employment services such as barrier assessment and job skills training to 1,372 economically disadvantaged individuals. These services resulted in 796 economically disadvantaged individuals securing employment.

AmeriCorps VISTA

In April 2013, Educate Tomorrow, an organization that serves Miami-Dade County's foster care youth, partnered with Miami Dade College to enhance the college's services for transitioning foster youth to college. The program, known as Educate Tomorrow at Single Stop, promotes personal and academic success for students who have transitioned out of the foster care system, and for those who are homeless or unaccompanied. With the help of AmeriCorps VISTA members, the program served about 300 students. In less than one year, 100 students were referred to internships, awarded scholarships, and received referrals to community agencies for services. Because of the Educate Tomorrow at Single Stop program and VISTA partnership, students who were unlikely to persist and obtain a college degree are now enrolled in school. VISTAs created a support group and developed service activities for students enrolled in the program. The students earned an average GPA of 3.0 for the 2013–2014 academic year; 69 percent of the students maintained a course completion rate of 50 percent and higher and were on track to graduate this year.

AmeriCorps VISTA members at El Sol helped to create the Sunshine Organic Community Garden to help provide access to healthy food options for low-income residents of Jupiter. The garden has produced more than 1,000 lbs. in its first eight months of operation, resulting in nutritious food to hundreds of neighbors and their families. VISTA helped bring El Sol from a small grass-roots organization with three staff to a nationally recognized agency with six full-time staff, 11 part-time staff, and more than 500 volunteers serving more than 3,000 clients.

Without VISTA, this tremendous growth would not have been possible. AmeriCorps VISTA members raised more than \$300,000 in funding for El Sol; developed systems to recruit, train, and retain volunteers; established data-tracking systems so that El Sol could evaluate progress and demonstrate outcomes; and helped changed hearts and minds in the community through their proactive outreach efforts. Before El Sol, there were very little if any social services available for the neediest in Jupiter. This community transformation is in large part to the infusion of resources made possible by AmeriCorps VISTA.

AmeriCorps NCCC

An AmeriCorps NCCC team worked with the Growing Hope Initiative, a nonprofit organization that is dedicated to the restoration of the Grimal Grove in Big Pine Key, Florida and helping promote volunteerism in the Keys. During the project, the team's primary focus was on beautifying the 1.25 acres that contains the majority of the fruit trees in Grimal Grove, and the secondary focus, clearing invasive species of Brazilian Pepper from the back .75 acres. After removing the invasive species, Corps members removed trash and debris, designed walking paths in the front of the property, constructed two benches used for seating, restored five chairs and a picnic table, constructed a compost pit and a raised nursery. In addition, Corps members assisted in overseeing the two largest events the grove has hosted in months; the Grimal Grove Benefit Dinner that gave guests an exclusive look into the Grove's progress at that point in time, and the Sunflower Festival that showcased local restaurants and nonprofit organizations to the 250 guests, 22 of which were guests from the Volunteer Florida Volunteerism Conference.

An AmeriCorps NCCC team partnered with Urban Oasis Project, Inc.(UOP), a nonprofit organization whose mission is to increase access to fresh, local food in Miami-Dade County; to transform unused land into food gardens for community members that live in food deserts. Corps members were introduced to Verde Gardens, an innovative housing program for previously homeless families living with disabilities that is currently located in a food desert. Adjacent to the community is vacant land which had been donated to the Miami Dade County Homeless Trust, to be transformed into a 22 acre farm. The NCCC team helped start the farm transformation process by clearing 3.5 acres of unwanted brush or exotic vegetation. In addition to the 12,250 pounds of exotic vegetation and underbrush removed, 4,300 pounds of debris/trash was removed. In all, Corps members tended to 4 garden sites and helped execute 2 community activities. Through the work of the NCCC team, the UOP organic farm now has the free area to expand the usable farm land. Corps members also supported 30 K-12 students in an out of school program and helped assist the Miami Beach Community Church serve 91 meals to the Miami Beach homeless community.

Senior Corps Foster Grandparent Program

Last year, 317 Foster Grandparents served 327,408 hours in communities across Florida. They helped 2,263 children in 110 centers including in school readiness, being a mentor and positive role model for children in after school centers, providing support to children in medical facilities and shelters, and providing guidance in elementary school classrooms. One example is Grandpa Rivera. Grandpa Rivera is loved by his school staff. He worked with three students that were so delayed they were not expected to pass kindergarten. Grandpa Rivera worked with the children on a daily basis and they started improving. One child in particular would not speak and could not read or write; possibly due to a language barrier. By the end of the year David was not only speaking, he was also reading and writing. The teacher said the children would not have made it if it wasn't for Grandpa Rivera's dedication, patience, and persistence.

Senior Corps RSVP

RSVP at Impact Broward has been the founder and engine for the Veterans Helping Veterans Mentorship program that assists veterans charged with criminal offenses in the local court system. The Broward County Circuit Court adopted the innovative approach of a Veterans Court to work with veterans by treating their underlying issues rather than to only punish them by sending them to prison. Modeled after the Veterans Court created in Buffalo and adopted by other Florida jurisdictions, the Broward County Veterans Court began in 2012. The key to ensuring that veterans receive the treatment appropriate to their situation is recruiting and training the mentor who is also a veteran. Impact Broward's RSVP has partnered with the Veterans Court and is the only organization providing volunteer mentors for veterans facing imprisonment. Simply stated, RSVP has become the mentorship program for the Broward County Veterans Court.

Senior Corps Senior Companion Program

A total of 353,222 seniors age 60 and over live in Broward County. According to Broward County 2011 Profiles, 101, 873 seniors live alone. Many are homebound, frail or disabled with no connection to the community or family living locally. Without Senior Companions, these frail elderly and disabled adults would not have access to in home support that can prevent early institutionalization. Last year, 129 Senior Companion volunteers served 91,500 hours, helping more than 430 clients live with dignity and independence.

Social Innovation Fund

The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Florida, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$713,889 in expanding the impact of two nonprofits in Florida, supported by two intermediaries.

Volunteer Generation Fund

Between 2010-2014, Volunteer Florida's Volunteer Generation Fund Programs supported 60 organizations that engaged more than 47,000 volunteers in 300,000 hours of service valued at \$6.8 million.

Nonprofit Subgrantees in Florida

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Riviera Beach, FL	Housing Leadership Council Capital Impact Partners	Housing Partnership, Inc. is participating in a collaborative effort to increase the number of shared-equity, permanently affordable housing units in South Florida and provide homebuyer education, data tracking, and counseling.
Jacksonville, FL	PACE Center for Girls, Inc. The Edna McConnell Clark Foundation	PACE Center for Girls provides a gender-responsive prevention, early intervention and education program in non-residential centers in 17 Florida counties for middle and high school girls involved in or at risk of becoming involved in the juvenile justice system. Comprehensive case management, counseling and therapeutic treatment, a life skills management curriculum, and a full course of core academic subjects help troubled young women gain the knowledge and skills to stay out of the juvenile justice system and lead successful lives. Girls are referred through schools, court systems, law enforcement, probation officers, child welfare offices and self-referral. Each center serves an average of 60 girls, seven hours a day for five days a week, year-round. Average length of stay is 9-15 months, after which girls transition to another school, graduate or obtain a GED, or go on to post-secondary education or employment. Once girls leave PACE, they receive three years of follow-up services. During the time frame of the EMCF SIF investment, PACE will serve an estimated 647 additional girls by expanding capacity in existing centers and opening two or three new centers.
