

## National Service in Indiana

### MEETING COMMUNITY NEEDS IN INDIANA

More than 7,100 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Indiana. Serving at more than 940 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$15,550,000 to support Indiana communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$4,760,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

**AmeriCorps:** This year AmeriCorps will provide more than 940 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Indiana. Most AmeriCorps grant funding goes to the Serve Indiana, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 14,000 Indiana residents have served more than 18 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$42,650,000.

**Senior Corps:** More than 6,200 seniors in Indiana contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 4,000 young people who have special needs. Senior Companions help more than 260 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 430 groups across Indiana.

**Social Innovation Fund:** The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Indiana, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$570,000 in expanding the impact of 7 nonprofits in Indiana.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit [NationalService.gov](http://NationalService.gov) or [Serve.gov](http://Serve.gov) or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2014 - 2015 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Indiana. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 14,000 Indiana residents have served more than 18 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$42,650,000.

## AmeriCorps State

Twenty ScholarCorps AmeriCorps members are placed at select colleges and universities across Indiana and serve as an on-campus resource to first and second year 21st Century Scholar students. Indiana's 21st Century Scholars Program ensures that every Hoosier student can afford the opportunity provided by a college degree. Eligible students who keep the Scholar Pledge to excellence in school and life receive a Scholarship to help pay for their college education. The ScholarCorps AmeriCorps program aims to increase 21st Century Scholar retention and success by providing on-campus programming, direct support and connecting students to various on-campus resources, information and services needed to be successful in college. Each ScholarCorps member will be charged with providing Scholars with resources in four programmatic areas, including Academic Performance and Persistence, Student Engagement and Enrichment, Career Exploration and Preparation, and Financial Literacy and Debt Management. Members are located in Bloomington, Evansville, Fort Wayne, Gary, Hammond, Indianapolis, Kokomo, Lafayette, Marion, Muncie, New Albany, Richmond, South Bend, Terre Haute, Vincennes, and West Lafayette.

## AmeriCorps National

The majority of HIV positive individuals in the state of Indiana reside in the Indianapolis metropolitan area. To address HIV in Indianapolis, six full time AIDS United AmeriCorps members provide direct services to area residents, including HIV testing and counseling, health care access, prevention outreach, prevention education, and emotional and social services to at-risk populations. Since 2005, AIDS United AmeriCorps members in Indianapolis have informed almost 800 individuals of their HIV status through HIV rapid testing and counseled them on their risk behaviors. Additionally, members have reached almost 15,000 individuals through community outreach, providing information HIV/AIDS risk reduction, community resources, and accessing care. Members have also mobilized more than 1,100 volunteers in the Indianapolis area.

## AmeriCorps VISTA

The AmeriCorps VISTA program at the Indiana University's School of Public and Environmental Affairs has demonstrated significant results in education. VISTA members help increase academic performance in some of the area's poorest performing schools, bring STEM-related opportunities to low-income schools, and increase access to high-quality education. As a result of VISTA member contributions to educational resources and systems, an estimated 3,450 students improved their academic performance in 2014. VISTAs raised \$118,000 in sponsorships for the City of Indianapolis VEX Robotics Championship, a competition that engages students in the application of STEM activities, which advance a child's capacity to escape the cycle of poverty. Students from 84 middle and high schools participated in the VEX Robotics Championship in 2014. Through the SPEA VISTA program, members developed an improved charter schools spring application project plan that resulted in the approval of two new charter schools. The new schools will bring a high-quality education to more than 600 students.

The Economic Opportunity VISTA Project at United Way of Madison County serves a community that has struggled economically since the once thriving automobile manufacturing industry left the area permanently. AmeriCorps VISTAs help United Way mobilize resources and develop partnerships to create opportunities for residents to gain skills that lead to stable employment and build assets. The VISTAs at United Way and JobSource, a nonprofit providing workforce development and community action services, connect partners to training, education, and other services. VISTAs members developed a partnership with Hinds Career Center and Ivy Tech that resulted in program expansions and generated \$100,000 for additional equipment to support training opportunities. There is now a dual credit program with Ivy Tech and Hinds, a dual certificate program with Work One and Adult Basic Education, and an Ivy Tech express enrollment process for Elwood residents.

## AmeriCorps NCCC

An AmeriCorps NCCC team partnered with the Jameson Camp to assist in the delivery of outdoor education programming, the removal of invasive species and trail maintenance. Jameson Camp's main goal is to make a difference in the lives of boys and girls, equipping them for productive, responsible lives. Corps members worked directly with the Environmental Education Director to teach Environmental Education (EE) classes and teambuilding to the urban youth of the Indianapolis community. The team was able to teach 994 children, ranging from 2nd to 7th grade, and 51 EE classes, such as the Wellness Course, Shelter Building, Archeology, and Birding. In addition to the EE classes, members assisted the camp in the removal of 700lbs of invasive species, helping to clear 2.5 miles of trail behind the main camp. The team deep cleaned five cabins, including gutters, clearing 30 cinderblocks from the creek, and mucking out the camp's 20x30 foot industrial kitchen. The NCCC team also teamed up with Gleaners Food Bank, the Jameson Camp's food supplier, to move and weigh 8,546 lbs. of food.

## AmeriCorps NCCC Cont'd

As a year round outdoor center, Flat Rock YMCA serves the community through a variety of ways including: Family Camp, Parent-Child Weekend, and an annual summer camp. An AmeriCorps NCCC team partnered with the Flat Rock YMCA to maintain high quality programs by helping in four main areas: program expansion, program delivery, facility preparation, and targeted renovation. To accomplish these goals, Corps members facilitated 268 classes including archery, canoeing and other activities for 280 fourth and fifth graders. The team assisted with targeted renovation of the camp by repairing the water drainage system and cleared an 1800 sq. foot area of vegetation. Members built a bocce ball court, six new archery stands, remapped the entire campgrounds, constructed seven trail map signs and 13 intersection posts, and cleared an archeological dig site. NCCC Corps members also accomplished a variety of tasks to support facility preparation and getting the camp ready for the upcoming season. They had multiple small painting projects, organized and inventoried different activity rooms, and waterproofed the Alpine Tower and the Amphitheater.

## Senior Corps Foster Grandparent Program

Community Action of Greater Indianapolis sponsors the Foster Grandparent Program and deploys 62 senior volunteers at 32 sites serving 320 children throughout Marion County. The grandparents are assigned to public schools, homeless shelters, domestic abuse centers, and afterschool programs to mentor children with special needs. A grandparent is assigned two children over a nine month period and spends four to five hours each day enriching the child's academic progress. Examples of the support Foster Grandparents provide include word identification, vocabulary, reading proficiency and basic math. In pre and post test scores, 75 percent of children had improved their reading, math and social skills. A three-year-old named "Bryce" received the support of a grandparent for two years. At entry, he exhibited emotional outbursts, tantrums, and did not recognize the ABC's, count, or recite his name. Foster Grandparents altered his course in life by using flash cards, reading to him, and providing emotional support. Today he is able to read, count, add, recite the ABC's and count to 100 in English and Spanish.

## Senior Corps RSVP

The RSVP Program of Monroe and Owen Counties, Indiana focuses on healthy futures for homebound seniors and older adults. In 2014, the program maintained 488 volunteers serving more than 15,000 clients. One-hundred and twelve volunteers served 162 vulnerable clients through the Caring Companions program. This program connects clients with a volunteer for life-sustaining companionship and assistance with daily living tasks. Ninety-six percent of clients reported an increase in their quality of life and/or safety as a result of the program. Also focusing on healthy futures, the Healthy Senior Independence Service works to increase the health and wellness of homebound seniors in the community through nutritious home-delivered meals/groceries, wellness programs, exercise and fitness classes, and mentally challenging activities. A total of 215 volunteers served 10,819 clients through this program. Ninety-eight surveyed reported increased health, well-being, and independence. The RSVP program has also demonstrated results in education and capacity building, always working to recruit, retain, and recognize the volunteer impact in Monroe and Owen Counties.

## Senior Corps Senior Companion Program

Catholic Charities Indianapolis sponsors one of the largest Senior Companion programs in the country. Senior Companions respond to the acute community need for care and assistance of frail adults struggling to remain in their own home and respite for their caregivers. Companions receive pre-placement and on-going training to offer the best possible care as well as enhancing their experience. Companions provide one-on-one in-home assistance. Their average visitation of five hours a day three to five 5 days per week provides time to build relationships while assisting with meal preparation, light housekeeping, escort to doctors' appointments, and other needs. This year, six community partners and three low-income senior housing sites enabled 107 volunteers to serve 128 frail adults and respite for 45 caregivers. , Veterans Hospital matched a Senior Companion (himself a veteran) with a veteran avoiding his imminent move to costly long term care. The Companion's visits brought the 90-year old joy and dignity the last year of his life. Surveys found that 96 percent of care beneficiaries found Senior Companions prevents social isolation and provides stress relief for caregivers.

## Social Innovation Fund

The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Indiana, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$576,989 in expanding the impact of seven nonprofits in Indiana.

## Nonprofit Subgrantees in Indiana

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Indianapolis, IN	Damien Center AIDS United	Damien CareLink will provide coordinated HIV services and linkage to care for HIV+ individuals who are currently not in care. Numerous and complex barriers to care linkage to exist, and may include issues such as mental health and substance issues, fear and stigma, homelessness, lack of co-located facilities, and many others. Damien CareLink will address these and others barriers for the target populations, which include HIV+ individuals who did not receive post-test counseling who were tested confidentially and those who have been lost to care, African Americans between the ages of 18-44 and Hispanics between the ages of 18-44. The priority areas to be addressed in accomplishing these goals include 1) early HIV detection and 2) connecting those who are HIV positive to high quality care. The estimated number of persons to be served by the Damien CareLink project is between 65 and 75 annually.
Indianapolis, IN	Flanner House of Indianapolis Local Initiatives Support Corporation	Flanner House of Indianapolis will operate a new Financial Opportunity Center, and utilize the funding to create additional capacity to provide more in-depth service levels and one-on-one follow up employment and financial coaching.
Indianapolis, IN	Hawthorne Social Services Association Local Initiatives Support Corporation	Hawthorne Social Services Association is delivering bundled workforce development, financial counseling and coaching, and public benefits access.
Indianapolis, IN	John H. Boner Community Center Local Initiatives Support Corporation	John H. Boner Community Center is providing employment services, financial coaching, and public benefits access to ensure that families have adequate support as they work to achieve their goals for financial stability and financial growth.
Indianapolis, IN	Mary Rigg Neighborhood Center Local Initiatives Support Corporation	The Mary Rigg Neighborhood Center is delivering employment and income supports, financial services and coaching, and jobs training.
Indianapolis, IN	Shepherd Community Local Initiatives Support Corporation	Shepherd Community is partnering with the Edna Martin Christian Center (EMCC) to deliver bundled workforce development, financial counseling and coaching, and public benefits access.
Indianapolis, IN	Southeast Community Services Local Initiatives Support Corporation	Southeast Community Services is expanding its successful Financial Opportunity Center program, and recruiting a client base—low-wage working individuals—who are motivated and well-positioned to benefit from the model's services but have not traditionally sought assistance.
