

National Service in Massachusetts

MEETING COMMUNITY NEEDS IN MASSACHUSETTS

More than 10,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Massachusetts. Serving at more than 1,300 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$41,120,000 to support Massachusetts communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$34,340,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 2,600 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Massachusetts. Most AmeriCorps grant funding goes to the Massachusetts Service Alliance, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 29,000 Massachusetts residents have served more than 40 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$93,100,000.

Senior Corps: More than 7,400 seniors in Massachusetts contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 4,400 young people who have special needs. Senior Companions help more than 970 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 540 groups across Massachusetts.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Massachusetts, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$3,090,000 in expanding the impact of 7 nonprofits in Massachusetts, selected and supported by 7 intermediaries.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

TOTAL CNCS FUNDING + TOTAL LOCAL PROGRAM SUPPORT					\$75,472,098

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

1 This figure represents the number of awarded positions available to be filled in the 2014 - 2015 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.

2 This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Massachusetts. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.

3 AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.

4 Massachusetts is served by the AmeriCorps NCCC campus located in Perry Point, Maryland. In the past year, AmeriCorps NCCC teams have served on projects in Boston, South Egremont, North Grafton, Marshfield, Edgartown, Sudbury, Maynard, Chelsea, Marion.

5 The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.

6 As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 29,000 Massachusetts residents have served more than 40 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$93,100,000.

AmeriCorps State

The Springfield College School Turnaround Initiative places 48 AmeriCorps members in nine designated “turnaround schools” in Springfield. AmeriCorps Members serve as Academic Coaches, Academic Support Specialists, and School Counselors, supporting school turnaround plans to address academic and non-academic risk factors that affect student achievement, dropout, and graduation rates. Members will serve more than 500 at-risk students during the 2014-15 school year, using student data to implement targeted interventions to improve attendance, academic achievement and engagement, and behavioral/social-emotional health. AmeriCorps members provide students with regular feedback and support; teach problem-solving and coping skills; provide one-on-one/small-group instruction or counseling; collaborate with teachers and counselors; and build strong, trusting relationships with students. In 2013-14, 55 percent of student participants showed increased academic engagement and 67 percent of students decreased the number of disciplinary incidents. In addition, 49 percent increased their attendance rate, with 62% percent of chronically absent students improving attendance by an average of 12 percent, equivalent to 21 more days in school.

Barnstable County AmeriCorps Cape Cod is a regional residential service program that responds to the critical environmental, disaster, and community needs within the 15 towns of Cape Cod. In 2014-2015, 32 AmeriCorps members will serve critical needs in the focus areas of environmental stewardship and disaster services. During 2013-2014, AmeriCorps members completed 366 water and land natural resource management and wildfire mitigation projects, improving 707 acres of parks and public lands and improving and creating 64 miles of trails and waterways. Additionally, members delivered 74 disaster education presentations, educating 1,320 citizens to be better prepared when disaster strikes. Members also recruited 620 volunteers leveraging 2,728 hours of community service. The 55,821 service hours logged by both AmeriCorps members and community volunteers in FY2014 brings the total of volunteer hours served since the program’s inception in 1999 to 667,913. That translates into an estimated value of over \$18,000,000 contributed to the Cape Cod community in the past fifteen years.

AmeriCorps National

Citizen Schools is a nonprofit organization that partners with middle schools to expand the learning day for children in low-income communities. Citizen Schools mobilizes a team of AmeriCorps educators and volunteers to lead real-world learning projects and provide academic support, helping all students discover and achieve their dreams. In their two years of service, AmeriCorps members serve as “Teaching Fellows,” providing students with months of extra learning through academic mentoring and skill-building apprenticeships that translates into college readiness and career opportunities. Citizen Schools has been recognized as a leader in engaging volunteers, generating student impact, and balancing direct service with systemic change efforts. A longitudinal study found that former Citizen Schools participants graduated from high school within four years at a rate of 71 percent, compared to 59 percent among matched peers, and internal analyses have found that 61 percent of Citizen Schools’ alumni enroll in college.

For every uninsured person, more than \$900 of unpaid medical bills per year is shifted to higher premiums for the insured. Furthermore, a recent study showed that 50 percent of emergency room visits are non-urgent in Massachusetts, which heavily contributes to the nationwide \$38 billion of wasteful emergency department spending. In Massachusetts, Community HealthCorps places 44 AmeriCorps members in community health centers directly serving 14 of the state’s most medically underserved communities. In 2013-2014, Community HealthCorps members serving in Massachusetts helped more than 1,000 individuals, including the homeless and veterans, through financial education and case management sessions on the benefits of utilizing primary care instead of the emergency room, the effects of financial decisions on social determinants of health, and strategies to avoid medical debt. As a direct result of these engagements, 71 percent of patients surveyed increased their knowledge related to these topics. Community HealthCorps AmeriCorps members in Massachusetts also helped patients reduce medical spending resulting from obesity by providing physical and nutritional education to more than 350 children and families.

AmeriCorps VISTA

Whether in the classroom, in the barn, and out in the fields, AmeriCorps VISTAs Marie Boyd and Tori Buerschaper have become an integral part of the healthy solution to hunger at Community Harvest Project, a nonprofit farm operation that brings volunteers together to grow fruits and vegetables for hunger relief. Through their efforts, both VISTAs have greatly enhanced the Community Harvest Project’s capacity to involve thousands of community members as part of the solution. Boyd creates and implements fundraising and awareness campaigns for the organization. She organized the Harvest Home Festival and 5K, securing more than \$30,000 in corporate sponsorships and \$1,000 worth of raffle prizes. Buerschaper engages youth through nutrition education programs, which provide hands-on learning opportunities for children from pre-school through sixth grade. She coordinated the Sprouting Minds program, a series of hands-on nutrition education activities, for 1,200 students, and the Summer on the Farm program for 50 students, who spent a week learning about harvesting and other farm skills, nutrition, and basic cooking.

AmeriCorps VISTA Cont'd

The Rebuilding Lives Project at Emmaus, Inc. taps the skills of three AmeriCorps VISTAs to help lift families experiencing homelessness out of poverty. In the past year, the VISTA assisting with development secured nearly \$24,000 in grant funding and identified new grant sources for Emmaus' next permanent affordable housing project. The VISTA focused on health and wellness successfully surveyed 25 homeless individuals and developed programs based on their health needs, including a mobile dental clinic and exercise classes. The VISTA that coordinates the volunteer program handled more than \$75,000 worth of in-kind donations and expanded the capacity of Emmaus' food bank to serve more than 100 households. Together, the VISTAs secured and executed three Massachusetts Service Alliance grants for Martin Luther King, Jr. Day, National Volunteer Week, and the 9/11 Day of Remembrance. At these events, 218 volunteers, including 129 new volunteers, served 521 hours.

AmeriCorps NCCC

The FARM Institute was founded in 2000 with the mission of educating and engaging children and adults in sustainable agriculture through the diverse operations of a 162-acre working farm. During the service at the FARM Institute, AmeriCorps NCCC members completed many tasks: building a bathhouse with composting toilets, constructing a solar greenhouse, rebuilding animal pens, preparing planting beds, and creating education signage. The work the team did will allow the farm to continue to provide organic meats, vegetables, and produce to local residents. In addition to their service at the FARM Institute, the team had the opportunity to work at two other local organizations, Thimble Farms and Camp Jabberwocky. At Thimble Farms the team had a unique opportunity to work at a hydroponic greenhouse. They assisted in constructing the tables and gutters for the system, harvesting and planting crops, and cleaning and preparing pots for the system. At Camp Jabberwocky, a non-profit summer camp for people with disabilities, the team performed groundwork and maintenance duties to help prepare for their summer camp.

The mission of the Phoenix Charter Academy Network is to operate alternative schools that challenge disconnected students with rigorous academics and relentless support so that they recast themselves as resilient, self-sufficient adults in order to succeed in high school, college, and beyond. AmeriCorps NCCC members prepared three schools to be ready for the school year in terms of facilities and operations – all classrooms and offices will be arranged, meeting spaces set up according to their purpose (cafeteria ready for student meals, library shelves stocked with books, etc.), rooms and hallways painted, and buildings decorated for the first day of school. The NCCC members served a critical role in readying the schools for the start of the school year which will allow the leaders, teachers, and staff of the schools to focus on the tasks of recruiting, retaining, and delivering an excellent education to out-of-school youth in Chelsea, Lawrence, and Springfield. In addition to learning about the alternative schools and the goal of keeping students engaged in school, the members will develop or enhance skills in packing, moving, organization, and furniture/item placement.

Senior Corps Foster Grandparent Program

The Coastline Elderly Service's Foster Grandparent Program provides education and behavioral support services for at-risk children. In the fall of 2013, student assessments showed 47 percent of P.A.C.E. Head Start students meeting "Widely Held Expectations" for three and four year old children in the learning domains of Math, Social/Emotional Development and Pre-Literacy Skills. In the Spring of 2014, assessments on those same students showed 62 percent meeting or exceeding "Widely Held Expectations". Significant gains were made for students on Individual Education Plans, and for Dual Language Learners who were afforded the opportunity to work in a one-on-one setting with Foster Grandparents. These students benefited from individualized activity plans designed by their teachers and implemented by the Foster Grandparents. The addition of a Foster Grandparent volunteer enhances the learning environment by providing additional attention to the needs of our most vulnerable children.

Senior Corps RSVP

Norfolk County Massachusetts is home to over 39,000 veterans. In 2013 the Norfolk County Commissioners charged RSVP with identifying ways that volunteers could support the needs of veterans in 28 towns. With input from each town's veterans agent, RSVP developed a free neighbor-to-neighbor rides program bringing veterans to necessary appointments and services. Currently 33 volunteer drivers are able to meet most requests. Because affordable wheelchair-accessible transportation remains difficult to find, RSVP volunteers also provide board and administrative support to Paralyzed Veterans of America's transportation program in New England, which uses trained staff drivers to bring veterans of any ability to medical appointments. A veteran who used RSVP Rides for Vets recently said: "The driver was here early this morning. He's a hell of a nice guy. It's been a weird day for me. The doctor told me I need surgery... This ride saved me a lot of money [the alternative was to call a taxi]. When I picked up my meds today, I was able to pick up some food. It was coming down to that, getting to my medical appointment or getting food, and now I can do both. I really appreciate the ride."

Senior Corps Senior Companion Program

Over the past year, the City of Boston Senior Companion Program provided companionship to 398 older adults and individuals with disabilities to alleviate their isolation and help them live with independence and dignity. The program engages a diverse volunteer force and serves a diverse set of older adults and individuals with disabilities. Data from the 2010 Census show that one-quarter of Boston seniors are Black or African American, while 9 percent are Asian, Native Hawaiian or Pacific Islander. Additionally, Boston has 29,632 residents foreign born over age 60, 32.7 percent speak a language other than English and 25% speak English less than "very well". The Boston Senior Companion program has a mix of 31 bilingual or non-English speaking volunteers that serve as companions to 246 non-English speaking clients.

Social Innovation Fund

The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Massachusetts, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$2,295,942 in expanding the impact of six nonprofits in Massachusetts, selected and supported by four intermediaries.

Volunteer Generation Fund

During the first four years of the Volunteer Generation Fund, the Massachusetts Service Alliance (MSA) has sub-granted more than \$400,000 to 104 local nonprofit agencies to expand meaningful service opportunities during National Days of Service. These organizations engaged more than 31,700 volunteers in Massachusetts who served nearly 104,000 hours in their local community. The Massachusetts Service Alliance has used the Volunteer Generation Fund grant to train, support, and build the capacity of Volunteer Connector Organizations across the state. MSA has invested more than \$70,000 in these organizations by establishing a new center on Cape Cod and allowing three centers to expand to new or underserved regions within their catchment area resulting in an additional 2,252 volunteers. MSA also launched and sustained a statewide volunteer awareness campaign, YOU Generate. In year four, MSA focused its efforts on piloting the national Service Enterprise Certification and Training program with five participating agencies in North Central Massachusetts. Continuing into the fifth year, MSA will work with volunteer connector partners to bring the Service Enterprise curriculum into two new regions of Massachusetts – Greater New Bedford and Cape Cod.

Intermediary Grantmakers in Massachusetts

Location	Intermediary Name Nonprofit Subgrantees	Description
Cambridge, MA	GreenLight Fund <ul style="list-style-type: none"> • <i>uAspire in Boston, MA</i> • <i>College Advising Corps in Chapel Hill, NC</i> • <i>Single Stop USA in New York, NY</i> • <i>YearUp in New York, NY</i> • <i>Blueprint Schools in Newton, MA</i> • <i>Genesys Works in San Francisco, CA</i> 	Green Light Fund will target low-income children and youth to close the achievement and opportunity gap in Boston, Philadelphia, and the San Francisco Bay Area.
Cambridge, MA	Harvard Social Impact Bond Lab (Pay for Success)	The SIB Lab has been providing government-side technical assistance on designing and implementing Pay for Success (PFS) projects for the past three years. The project builds upon the SIB Lab's model of technical assistance but is oriented toward the next stage of development in the PFS field. The project includes four major components: 1. Two national competitions, in the fall of 2014 and the fall of 2015, to select a total of ten Government Partners who will receive full-time technical assistance from the SIB Lab over the course of 15 months to assist with a PFS project. The SIB Lab will select for those innovative or path-breaking projects that most advance the PFS model; 2. In each competition, one or two of the five partners will be a group of several governments rather than a single government, allowing the SIB Lab to test a cohort-based model of developing government capacity. These groups of governments will share a full-time fellow and will also participate in cross-jurisdictional collaboration and knowledge sharing; 3. The SIB Lab will continue to produce publications that capture and distill the key lessons learned from providing technical assistance and building capacity so that awareness of the PFS model can spread and so that others in the field can benefit; and 4. As part of disseminating lessons learned, the SIB Lab will develop an independent review process that makes its technical assistance expertise available on a short-term basis to governments that seek a brief independent review of a technical aspect of their project development.
Boston, MA	Jobs for the Future, Inc./National Fund for Workforce Solutions <ul style="list-style-type: none"> • <i>Atlanta Career Rise/United Way of Metropolitan Atlanta in Atlanta, GA</i> • <i>Baltimore Workforce Funders Collaborative/Association of Baltimore Area Grantmakers in Baltimore, MD</i> • <i>SkillWorks: Partners for a Productive Workforce/The Boston Foundation in Boston, MA</i> • <i>Partners for a Competitive Workforce/United Way of Greater Cincinnati in Cincinnati, OH</i> • <i>Dan River Region Collaborative/Community Foundation of Dan River Region in Danville, VA</i> • <i>Central Iowa Works Funding Collaborative/United Way of Central Iowa in Des Moines, IA</i> • <i>Greenville Region Workforce Collaborative/United Way of Greenville County in Greenville, SC</i> • <i>Workforce Solutions Collaborative of Metro Hartford/United Way of Central and Northeastern CT in Hartford, CT</i> • <i>Delta Workforce Funding Collaborative/Foundation for Mid-South in Jackson, MS</i> • <i>WIRED65 Regional Workforce Partners/Kentuckiana Works Foundation in Louisville, KY</i> • <i>Milwaukee Area Workforce Funding Alliance/Donors Forum of Wisconsin in Milwaukee, WI</i> • <i>Southwest Alabama Workforce Development Council in Mobile, AL</i> 	Partnering with Jobs for the Future, the National Fund for Workforce Solutions is expanding targeted training and technical assistance to at least 23,000 low-income individuals over three years while also addressing the critical skill needs of more than 1,000 employers.

Intermediary Grantmakers in Massachusetts

	<ul style="list-style-type: none"> • <i>New Orleans Works (NOW)/Greater New Orleans Foundation in New Orleans, LA</i> • <i>New York City Workforce Innovation Fund/Workforce Development Corporation in New York, NY</i> • <i>Job Opportunity Investment Network (JOIN), United Way of Southeastern Pennsylvania in Philadelphia, PA</i> • <i>Pennsylvania Fund for Workforce Solutions/United Way of Pennsylvania in Pittsburgh, PA</i> • <i>San Diego Workforce Funders Collaborative/San Diego Workforce Partnership, Inc. in San Diego, CA</i> • <i>Bay Area Workforce Funding Collaborative/San Francisco Foundation in San Francisco, CA</i> • <i>SkillUp Washington/Seattle King County Workforce Development Council in Seattle, WA</i> • <i>Workforce Innovations in Northwest Louisiana/Community Foundation of North Louisiana in Shreveport, LA</i> • <i>Workforce Central/Encourage Community Foundation in Wisconsin Rapids, WI</i> 	
Boston, MA	Jobs for the Future/Opportunity Youth Investment Fund	Jobs for the Future and its partner, the Aspen Forum for Community Solutions, seek to improve education and career outcomes for youth disconnected from school or work, also known as Opportunity Youth, in 12 communities across the country. The expectation is that participating youth will earn a diploma or its equivalent and enter postsecondary education at twice the rate of peers who do not receive these services.
Cambridge, MA	New Profit Inc.	New Profit Inc. is collaborating with innovative youth-focused nonprofit organizations with existing evidence to yield significant improvements in helping young people navigate the increasingly complex path from high school to college and productive employment through their Pathways Fund.
	<ul style="list-style-type: none"> • <i>Year Up in Boston, MA</i> • <i>College Advising Corps in Chapel Hill, NC</i> • <i>iMentor in New York, NY</i> • <i>Single Stop USA in New York, NY</i> • <i>YouthBuild USA in Somerville, MA</i> • <i>College Summit in Washington, DC</i> 	
Boston, MA	The Boston Foundation	Through its SIF grant, the Boston Foundation will expand its Boston Coaching for Completion, an effort designed to raise post-secondary completion rates, especially for the most vulnerable youth populations in the Boston area.
Boston, MA	Third Sector Capital Partners (Pay for Success)	This project will leverage SIF funding to tackle the most pressing challenge in the PFS field today: how to develop multi-government-level (local, state, federal) contracting and financing for outcomes-driven services. This project has two main focuses to address this challenge: 1. Create a laboratory for testing promising PFS mechanisms and infrastructures, providing assistance to approximately 10 government Sub-Recipients (across two cohorts), selected because they have engaged decision makers from multiple levels of government, have energized local philanthropic support and/or have demonstrated a high degree of PFS readiness. 2. Build capacity to convert the lessons learned in our cohorts and other individual PFS projects into scalable PFS blueprints that will be transferred to a much wider audience by engaging deeply with the leadership organizations for state and local government, as well as for funders.

Nonprofit Subgrantees in Massachusetts

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Boston, MA	AIDS Action Committee of Massachusetts AIDS United	The AIDS Action Committee of MA implements the Linking for Access and Retention in Comprehensive Care Project with the primary goal of improving the health of people living with HIV/AIDS by providing comprehensive bio/psycho/social support from crisis to stability and self-sufficiency.
Boston, MA	uAspire GreenLight Fund	uAspire aims to provide 11,500 low-income students and families in these communities over the five year engagement with a full understanding of the financial aid available to them. In partnership with schools, community-based organizations and higher education institutions, uAspire's programs follow students (middle school through college) throughout their academic career, and provide group and one-on-one college affordability advising sessions to dispel misconceptions of college affordability. uAspire's unique innovation is its focus on college affordability, collaboration and ability to adapt content and delivery to serve students effectively. uAspire aims to empower low-income students and their families to overcome the financial barriers to higher education, enrollment, persistence and completion. Key outcomes for program impact on students include college affordability awareness and knowledge, engagement with the financial aid process, and postsecondary behavior, including college persistence and completion. Through GreenLight's SIF Initiative, uAspire will evaluate the impact of its continuum of services on students' knowledge, beliefs, and behaviors concerning college affordability.
Newton, MA	Blueprint Schools GreenLight Fund	With its subgrant to Blueprint Schools Network (Blueprint), GreenLight's SIF Initiative will support Blueprint's work with the Boston Public Schools (BPS) to implement its research-based, innovative turnaround model at two level 4 schools: the Elihu Greenwood Leadership Academy (K-5) and The English High School (9-12). Through this work, Blueprint will reach over 1,000 students annually over five years in Boston.
Boston, MA	SkillWorks: Partners for a Productive Workforce/The Boston Foundation Jobs for the Future, Inc./National Fund for Workforce Solutions	SkillWorks focuses on "system change" initiatives in health care, financial services, hospitality and green collar jobs, including creating pathways for post-secondary credentials, advocating for greater investment in workforce training, and sustaining partnerships between business and community groups to deliver relevant, accessible training.
Boston, MA	Year Up New Profit Inc.	Year Up is an intensive, one year training program that provides education, experience, support, and guidance to improve job-readiness and higher education credentials, increasing economic opportunity for young adults.
Somerville, MA	YouthBuild USA New Profit Inc.	YouthBuild is partnering with colleges to support at-risk youth, helping them apply, enroll, and complete two and four year degrees.
Dorchester, MA	BELL (Building Educated Leaders for Life) The Edna McConnell Clark Foundation	BELL (Building Educated Leaders for Life) provides educational summer and afterschool experiences to help youth in grades K-8 who are falling academically behind gain core academic skills, transition successfully into middle and high school, and improve their attitudes toward school and learning.
