GETTING THINGS DONE FOR AMERICA

ABOUT AMERICORPS NCCC

AmeriCorps NCCC (National Civilian Community Corps) is a full-time, team-based residential program for men and women ages 18-24. AmeriCorps NCCC members are assigned to one of five regional campuses into teams of approximately ten members, and complete 2- to 3-month projects responding to local communities' needs in every state. Teams serve with local and national organizations, infusing resources and leading volunteers for hundreds of organizations like Habitat for Humanity and the American Red Cross. These young adults lead youth development activities, construct and rehabilitate low-income housing, clean up streams, help communities develop emergency plans, and address other pressing local needs.

ABOUT FEMA CORPS

The AmeriCorps NCCC flexible program structure allows both the opportunity to partner with non-profit or government organizations that might lack the capacity to manage longer grant programs, as well as the ability to create strategic collaborations with other national service programs and federal agencies to magnify the impact on communities served. In 2012, AmeriCorps NCCC collaborated with the Federal Emergency Management Agency (FEMA) and created a new unit of members called FEMA Corps. These teams are devoted solely to FEMA disaster preparedness, mitigation, response, and recovery efforts, which strengthen the nation's ability to respond to and recover from disasters while expanding career opportunities for young people. Between the traditional and FEMA Corps, up to 2,800 members serve with AmeriCorps NCCC each year.

ABOUT DISASTER RELIEF

In addition to the FEMA Corps, the traditional AmeriCorps NCCC teams are coordinated for rapid disaster deployment anywhere in the country. Trained in CPR, first aid, disaster response and firefighting, teams have responded to local and national disasters since the program was established in 1994. Since 2000, members have served more than 5.1 million hours on 1900 disaster services projects across the nation.

NCCC
National Civilian Community Corps

AmeriCorps NCCC is a program of the Corporation for National and Community Service (CNCS). CNCS improves lives, strengthens communities, and fosters civic engagement through service and volunteering.

WE'RE GETTING THINGS DONE IN INDIANA

Indianapolis, IN | Jameson Camp

An AmeriCorps NCCC team partnered with the Jameson Camp to assist in the delivery of outdoor education programming, the removal of invasive species and trail maintenance. Jameson Camp's main goal is to make a difference in the lives of boys and girls, equipping them for productive, responsible lives. Corps members worked directly with the Environmental Education Director to teach Environmental Education (EE) classes and teambuilding to the urban youth of the Indianapolis community. The team was able to teach 994 children, ranging from 2nd to 7th grade, and 51 EE classes, such as the Wellness Course, Shelter Building, Archeology, and Birding. In addition to the EE classes, members assisted the camp in the removal of invasive species. Team members successfully removed 200 lbs of honeysuckle and 500 lbs of garlic mustard, helping to clear 2.5 miles of trail behind the main camp.

St. Paul, IN | Flat Rock YMCA

An AmeriCorps NCCC team partnered with the Flat Rock YMCA to maintain high quality programs by helping in four main areas: program expansion, program delivery, facility preparation, and targeted renovation. To accomplish these goals, Corps members facilitated 268 classes including archery, canoeing and other activities for 280 fourth and fifth graders. The team assisted with targeted renovation of the camp by repairing the water drainage system and cleared an 1800 sq. foot area of vegetation. Members built a bocce ball court, six new archery stands, remapped the entire campgrounds, constructed seven trail map signs and 13 intersection posts, and cleared an archeological dig site.

ACCOMPLISHMENTS IN INDIANA SINCE 2000	HIGHLIGHTED SPONSORS IN INDIANA
