

National Service in New Jersey

MEETING COMMUNITY NEEDS IN NEW JERSEY

More than 8,100 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in New Jersey. Serving at more than 630 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$18,390,000 to support New Jersey communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$6,480,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 2,200 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across New Jersey. Most AmeriCorps grant funding goes to the New Jersey Commission on National and Community Service, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 21,000 New Jersey residents have served more than 28 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$65,770,000.

Senior Corps: More than 5,900 seniors in New Jersey contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 1,300 young people who have special needs. Senior Companions help more than 610 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 260 groups across New Jersey.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in New Jersey, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$320,000 in expanding the impact of 3 nonprofits in New Jersey.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

- Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.
- This figure represents the number of awarded positions available to be filled in the 2014 - 2015 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
 - This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in New Jersey. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
 - AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
 - New Jersey is served by the AmeriCorps NCCC campus located in Perry Point, Maryland. In the past year, AmeriCorps NCCC teams have served on projects in Ewing, Toms River, Sea Bright, Hackensack, Colts Neck, Moonachie, Eatontown, Lincroft, Camden.
 - The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
 - As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 21,000 New Jersey residents have served more than 28 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$65,770,000.

AmeriCorps State

More than two years after Superstorm Sandy made landfall in New Jersey, hundreds of families throughout Monmouth County are still rebuilding. United Way is mobilizing the caring power of the community to support individuals and families throughout Monmouth County who are still recovering from the devastation of Superstorm Sandy. United Ways "ReBuild NJ" program gets families back in their homes by leveraging the time, talent and resources of passionate volunteers, AmeriCorps members, corporate and nonprofit partners. AmeriCorps members with ReBuild NJ serve families in the most devastated communities in New Jersey, gaining first-hand experience with disaster recovery, residential construction and project management while leading groups of community volunteers.

AmeriCorps National

Citizen Schools is a nonprofit organization that partners with middle schools to expand the learning day for children in low-income communities. Citizen Schools mobilizes a team of AmeriCorps educators and volunteers to lead real-world learning projects and provide academic support, helping all students discover and achieve their dreams. In their two years of service, AmeriCorps members serve as "Teaching Fellows," providing students with months of extra learning through academic mentoring and skill-building apprenticeships that translates into college readiness and career opportunities. Citizen Schools has been recognized as a leader in engaging volunteers, generating student impact, and balancing direct service with systemic change efforts. A longitudinal study found that former Citizen Schools participants graduated from high school within four years at a rate of 71 percent, compared to 59 percent among matched peers, and internal analyses have found that 61 percent of Citizen Schools' alumni enroll in college.

AmeriCorps VISTA

AmeriCorps VISTA is a vital asset to long-term disaster recovery in New Jersey. This past year, the New Jersey Voluntary Organization Active in Disaster (VOAD) and NJ 2-1-1 partnered to sponsor the First Call for Help VISTA project. NY 2-1-1 is an information and referral line and website that connects people to social services. The project focuses on Hurricane Sandy recovery and on building New Jersey's resilience by strengthening local capacity to prepare and respond to disasters. VISTAs support statewide efforts and collaborate with local partners in Atlantic, Bergen, Camden, Essex, Mercer, Middlesex, and Monmouth counties. VISTAs helped establish three new local VOADs and Community Organizations Active in Disaster (COADs), reconvene another VOAD, and improve the infrastructure of five other VOADs. VISTAs conducted membership outreach, created a resource directory, and trained the groups to communicate better to assist communities to prepare and respond before, during, and after disaster. This past year, VISTAs helped New Jersey's disaster response and recovery community reach more than 24,000 community members through social media, marketing materials, and presentations at more than 35 events.

The New Jersey Law and Education Empowerment Project (NJ LEEP) empowers youth from underserved neighborhoods to greater educational achievement by combining law-related education with college access programming. The majority of youth served by NJ LEEP are from low to moderate-income families and possess multiple risk factors to achieve matriculation. AmeriCorps VISTA has been critical in expanding and strengthening NJ LEEP's programming by developing training, curriculum, evaluation practices, and data management systems. VISTAs helped expand communication strategies to engage stakeholders including developing parent support workshops. VISTAs supported fundraising through grant writing and by creating systems to research, write and report on fundraising opportunities. One hundred percent of NJ LEEP's first four College Bound Program graduating classes (2011-2014) have gained college admission, with 94 percent gaining admission to four year colleges. The New York Life Foundation awarded NJ LEEP the 2014 New York Life Excellence in Summer Learning Award for outstanding summer programs that demonstrate excellence in accelerating academic achievement and promoting healthy development.

AmeriCorps NCCC

AmeriCorps NCCC teams served with Jersey Cares on three separate occasions during 2014. Corps members who served with Jersey Cares focused on rehabilitating homes devastated by Hurricane Sandy. Teams assisted with volunteer management on various construction projects. Corps members managed thousands of volunteers in disaster services. In addition, AmeriCorps NCCC members repaired storm-ravaged homes by framing, applying spackle, sanding, painting, installing drywall, insulation, and flooring. Teams also removed 40,000 lbs. of debris and demolishing rooms. During their service with Jersey Cares, teams worked on over twenty homes. Jersey Cares first became an AmeriCorps NCCC project sponsor in 2013.

AmeriCorps NCCC Cont'd

Camden Children's Garden March 7-April 30, 2014

The Camden Children's Garden is a branch of the Camden City Garden Club. The Camden City Garden Club is a non-profit organization that promotes community gardening, provides at-risk-youth with job training, and educational programming for children and adults.

AmeriCorps NCCC members' service with Camden City Garden Club was multi-faceted. Corps members worked alongside staff to help repaint buildings and various exhibits around the garden. The team spent a significant amount of time in community gardens in Camden. They removed old plants, weeds, trash and debris. The team also built new beds for plants, added woodchips and compost, and planted various vegetables, fruits, and tubers, and also watered and cared for the plants.

The project in Camden was especially significant as the city has vast poverty and there is a great deal of food insecurity. Corps members also taught elementary and middle school students about nutrition, how to start their own gardens, and the vices of sugar consumption. Camden City garden club first became an AmeriCorps NCCC project sponsor in 2006.

Senior Corps Foster Grandparent Program

Our Lady of Lourdes Health Foundation sponsors the Foster Grandparent Program serving Camden. The Association for Children for New Jersey reports that more than 20 percent of children in the City of Camden are living in poverty. It is estimated that 60 percent of the more than 4,000 children enrolled in day care throughout Camden City and County have special or exceptional needs. These children are in danger of falling behind in their social emotional, physical, and cognitive development. In the last year, 46 Foster Grandparents served more than 138 children with special or exceptional need at 18 different sites throughout the county. The dedicated Foster Grandparents engage the preschoolers one-on-one in developing important skills in language, pre-reading, letter and number identification, and following directions as well as encourage the children to develop social and age appropriate interactions with peers. This development is critical to helping ensure a strong start to Kindergarten. Ninety percent of the children aged 3-6 served by the Foster Grandparents demonstrated improvement in language development, gross motor and cognitive development skills.

Senior Corps RSVP

Northwest New Jersey Community Action Partnership has been serving low income communities for more than four decades. Each year, through the RSVP program, they mobilize 930 volunteers across five counties to serve in programs that help meet critical health, economic, and educational needs for seniors, low income families, and children. For example, in 2014, 70 RSVP volunteers were trained in the Volunteer Income Tax Assistance program and prepared more than 3,100 tax returns for seniors, people with disabilities, and low income community members. The free tax preparation services, offered at 20 sites, resulted in more than \$1.2 million of tax credits filed. More than half of that amount represents Earned Income Tax Credits (EITC) filed on behalf of low-income community members. In addition to the tax credits, the services provided by RSVP volunteers were estimated to save community members more than \$325,000 in tax preparation fees.

Senior Corps Senior Companion Program

In Essex and Hudson Counties, the Salvation Army Newark Area Services has mobilized 79 Senior Companion volunteers to provide companionship for homebound seniors. In the past year, Senior Companions provided more than 80,000 hours to ensure that more than 260 homebound and older adults are able to live independently. The Senior Companions provide caretaker respite services, companionship, and assistance with a variety of tasks that ensure homebound and senior adults are able to continue living in their homes. The program also offers many unique opportunities for volunteers and the clients they serve including disaster preparedness training for both the volunteers and the clients. Furthermore, the program's rich diversity allows Senior Companions to serve Spanish- and Russian-only speakers. The Senior Companions provide their clients with informal ESL instruction and American cultural immersion activities. The home companionship and social intervention the program allows for plays an important role in both improving the quality of life of the beloved clients as well as prolonging their independence and forestalling premature and expensive institutionalization.

Social Innovation Fund

The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in New Jersey, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$418,586 in expanding the impact of four nonprofits in New Jersey.
