

National Service in Alabama

MEETING COMMUNITY NEEDS IN ALABAMA

More than 9,600 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Alabama. Serving at more than 1,100 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$11,250,000 to support Alabama communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$15,110,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars. Nationwide, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources in FY 2015.

AmeriCorps: This year AmeriCorps will provide more than 410 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Alabama. Most AmeriCorps grant funding goes to the Serve Alabama, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 7,000 Alabama residents have served more than 11 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$21,730,000.

Senior Corps: More than 9,200 seniors in Alabama contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 2,100 young people who have special needs. Senior Companions help more than 560 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 860 groups across Alabama.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Alabama, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$300,000 in expanding the impact of 4 nonprofits in Alabama.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

TOTAL CNCS FUNDING + TOTAL LOCAL PROGRAM SUPPORT					\$26,360,217

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- ¹ This figure represents the number of awarded positions available to be filled in the 2015 - 2016 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- ² This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Alabama. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- ³ AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- ⁴ Alabama is served by the AmeriCorps NCCC campus located in Vicksburg, Mississippi. In the past year, AmeriCorps NCCC teams have served on projects in Foley, Dauphin Island, Maxwell AFB, Tuscaloosa, Montgomery, Greensboro, Birmingham, Theodore, Anniston.
- ⁵ The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- ⁶ As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise or other revenue used to support their programming activities across the state. Last year, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources.

Since 1994, more than 7,000 Alabama residents have served more than 11 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$21,730,000.

State Commission

Serve Alabama, The Governor's Office of Faith-Based and Volunteer Service, oversees seven AmeriCorps State programs with more than 150 members, providing services in all 67 Alabama counties. For the 2014-2015 program year, Alabama AmeriCorps State programs met critical needs in the areas of education, economic opportunity, healthy futures, and capacity building. During that year AmeriCorps State programs recruited and managed more than 4,500 volunteers who gave 48,000 hours of service; delivered housing placement services to more than 1,900 economically disadvantaged individuals; and tutored or taught more than 15,000 children by way of one-on-one and group facilitation to support education programs or provided classroom instruction in kindergarten through 12th grade public schools. Additionally, Serve Alabama operates as the state's lead agency for volunteer and donations management after disasters and serves as the State Voluntary Agency Liaison to volunteer and nonprofit groups serving in disaster recovery efforts. The office provides annual training in volunteer, donation, and volunteer reception center management in addition to response duties. Serve Alabama has lead two FEMA disaster case management grant projects (2011 and 2014) totaling more than \$7 million in case management resources for disaster recovery for families and individuals, leading to the use of more than \$17 million in recovery assets for these families. Serve Alabama also administers the Alabama Governor's Emergency Relief Fund, providing more than \$6 million dollars in disaster recovery funds for Alabamians since 2011. Serve Alabama also supports disaster preparedness by managing the state's Ready Alabama disaster preparedness campaign.

AmeriCorps State

Impact Alabama was founded in 2004 as the state's first nonprofit dedicated to developing substantive service-learning and leadership development projects for college students and recent college graduates. The Impact Alabama AmeriCorps program is based out of Birmingham. AmeriCorps members are trained to conduct vision screenings for low-income and underserved youth, primarily Pre-K. If a vision problem is detected, they are referred for treatment at no cost. Families are also connected to support services for through Sight Savers who can provide longer term support for kids with vision problems. In 2014-2015, Impact Alabama held 1,257 screening sessions in all 67 counties. A total of 38,023 preschoolers were screened, and 3,935 were found to have vision problems and were referred for help.

AmeriCorps VISTA

The Theo Ratliff Activity Center currently hosts seven AmeriCorps VISTA members serving in STEM education and volunteer recruitment. The biggest challenge for the Ratliff Center VISTA program was recruiting and maintaining volunteers. After making extensive phone calls and visiting various businesses in the community, the center has begun to receive a large number of volunteers. The Ratliff Center has partnered with the Alabama Department of Human Resources and the City of Demopolis Housing Authority. They are now referring volunteers that must complete a certain number of volunteer hours to continue to receive services from the agencies. These volunteers are screened, and if chosen, they receive a background check and extensive training. The VISTAs have been responsible for creating volunteer outreach material, training, and volunteer assignment matching. They have recruited fifty-two new volunteers and leveraged more than \$150,000 in resources.

In FY2015, six AmeriCorps VISTAs at REV Birmingham's Urban Food Project worked to improve access to fresh produce in communities labeled as food deserts. They developed relationships with local farmers and assisted in fund development. VISTAs established a relationship with ten outlets including corner stores, gas stations, and neighborhood drug stores; developed a marketing campaign; and collaborated with staff to leverage cash investments of more than \$300,000. Additionally, VISTAs assisted vendors, provided instruction, and trained them how to order fresh produce. After the sites were established, VISTAs recruited local chefs and high school culinary students to conduct cooking demonstrations for residents. Several of the vendors that participated in the program replaced the candy on their counters with fresh fruit. In addition to building relationships with vendors, VISTAs assisted REV Birmingham leverage corporate donations to support the agency's business development objectives.

AmeriCorps NCCC

The community of Tuscaloosa is still recovering from the effects of the April 27, 2011 tornado. An AmeriCorps NCCC team was able to support Habitat for Humanity of Tuscaloosa (HFHT) in their continued long-term recovery efforts. The mission of HFHT is to provide housing solutions for low and moderate income families. Since Tuscaloosa was declared a Federal Disaster Area, the team has helped the community move forward in its recovery by remodeling four homes. NCCC members installed flooring, trim, baseboards, awnings, and exterior siding. They also painted interior walls, doors, and a porch. Their service provided the community with a sense of hope for the future.

In partnership with The John McClure Snook Youth Club of Foley, an AmeriCorps NCCC team served as camp counselors and assisted with field trips and camp experiences focused on STEM and classes in language arts, creative writing, and visual and performing arts for low-income campers. The Snook Youth Club's mission is to provide youth participants with the opportunity to engage in programs that promote social, emotional, intellectual, academic, artistic and athletic growth, healthy lifestyles and civic responsibility. The team acted as positive adult role models and supported the camp teachers in developing and delivering academic lessons. Some AmeriCorps NCCC members engaged in community asset mapping, canvassing 200 businesses. The information they gathered was shared with community members.

Senior Corps Foster Grandparent Program

Twelve schools in Mobile County were rated as failing by the state Department of Education. Foster Grandparents are serving in five of these. The Mobile County Foster Grandparent program and its 80 volunteers have logged 62,650 volunteer hours in the last nine months, working with more than 490 children. At the beginning of the school year one four-year-old student was very shy and at risk. He had never attended school before and had very little experience outside of his family structure. He seldom spoke and his attention span was very short. He was assigned to a Foster Grandparent known as Granny Johnson. The caring one-on-one attention she provides has helped this student grow and thrive. He was recently named Most Improved Student, and is excelling academically and socially.

Senior Corps RSVP

According to the Project Literacy United States (PLUS) program at Shelton State Community College, at least 23 percent of Tuscaloosa County and 41 percent of Hale County residents are illiterate. The West Alabama Literacy Council states, "Forty-three percent of the people with the lowest literacy skills live in poverty; 17 percent receive food stamps, and 70 percent have no job or a part-time job." Twenty FOCUS RSVP volunteers have provided 700 hours as adult literacy tutors at Shelton State Community College. In addition to adult literacy classes, RSVP volunteers assist with English as a Second Language. From September through May, classes of 25 students from Mexico, Guatemala, Brazil, China, Japan, Vietnam, Russia, France, Iran, and Iraq are tutored by RSVP volunteers in writing and reading skills. Seventy percent have shown improvement in reading and writing skills. Overall the program engages 180 volunteers, 30 of whom are veterans serving in disaster services, healthy futures, and economic opportunity focus areas.

Senior Corps Senior Companion Program

Senior Companion Program volunteers sponsored by Positive Maturity provided 73,958 hours of service, valued at more than \$1.5 million. They served 214 clients in FY 2015 in partnership with the Alabama Department of Rehabilitation Services, the Alabama Respite Coalition, the Jefferson County Housing Authority, and the Veterans Administration Hospital. Based on the information provided in Genworth's 2014 annual cost of care survey, having a Senior Companion saved families a total of \$1,183,328. Many families served by Senior Companions indicated that the respite care provided by Senior Companion volunteers was essential in helping them keep their loved ones at home. In total, 96 of the 99 Alabama Senior Companion volunteers worked with clients who remained in private homes.

Social Innovation Fund

The Social Innovation Fund is investing \$303,861 to expanding the impact of four Alabama nonprofits focused on improving health outcomes of individuals living with HIV/AIDS. A preliminary analysis suggests that individuals enrolled in the intervention have better outcomes in linkage to care, retention in care, and adherence to antiretroviral medication versus those in the control group.

Nonprofit Subgrantees in Alabama

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Birmingham, AL	University of Alabama at Birmingham AIDS United	Birmingham Access to Care (BA2C) is a collaborative effort between UAB 1917 Clinic and Birmingham AIDS Outreach (BAO). HIV primary care and social service providers have, for years, recognized the profound public health implications of the "lost to follow-up," or fallen out of care, population. Improving engagement in HIV care for PLWH not currently seeking primary care treatment may have other beneficial effects for the public health. Reductions in risk transmission behaviors among individuals linked to care and the beneficial effects of ART in reducing HIV viral load and transmissibility may result in decreased secondary cases of HIV infection if the program is successful in improving linkage, retention, and re-engagement in HIV care. BA2C has a team of 2 Licensed Board Social Workers, data programmers, and project supervisors to focus increasing re-engagement/linkage to HIV primary care among HIV-infected individuals lost to follow-up; obtaining information regarding individual-level facilitators and barriers to HIV primary care linkage; and increasing the proportion of individuals lost to follow-up annually retained in comprehensive and coordinated outpatient medical services.
Birmingham, AL	Central Six Development Council / Community Foundation of Greater Birmingham Jobs for the Future Inc NFWS	Central Six Development Council Inc is a regional funding collaborative that includes the State of Alabama, philanthropic organizations, local business and industry, Alabama's Community College System, K-12 System, training providers, and local municipal governments. The vision shared with these partners is to create a 21st Century workforce that is proactive, responsive, and results driven and supports the region's diverse population and employers, providing quality job opportunities in support of a vibrant regional economy.
Mobile, AL	Southwest Alabama Workforce Development Council / Southwest Alabama Workforce Development Council Jobs for the Future Inc NFWS	The Southwest Alabama Workforce Development Council is establishing and supporting four fully functioning workforce partnerships supporting maritime, aerospace, healthcare, and process manufacturing industries.
Tuscaloosa, AL	Tuscaloosa Research & Education Advancement Corporation (TREAC), in partnership with Social Finance US Nonprofit Finance Fund	Tuscaloosa Research & Education Advancement Corporation and partner Social Finance are developing a Pay for Success Project to expand individual job placement and support services at Veterans Administration Medical Centers across the country. The project will serve unemployed veterans who have been diagnosed with one or more mental health illnesses, such as posttraumatic stress disorder. Measurable outcomes may include increased job attainment, retention and earnings, reduced usage of emergency and in-patient health services, and decreased symptoms of mental illness including post-traumatic stress, anxiety and depression.
