

National Service in Massachusetts

MEETING COMMUNITY NEEDS IN MASSACHUSETTS

More than 9,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Massachusetts. Serving at more than 1,400 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$46,140,000 to support Massachusetts communities through national service initiatives. CNCS invests in cost-effective community solutions—working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$32,460,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars. Nationwide, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources in FY 2015.

AmeriCorps: This year AmeriCorps will provide more than 2,800 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Massachusetts. Most AmeriCorps grant funding goes to the Massachusetts Service Alliance, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 31,000 Massachusetts residents have served more than 42 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$101,140,000.

Senior Corps: More than 6,100 seniors in Massachusetts contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 6,700 young people who have special needs. Senior Companions help more than 1,000 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 740 groups across Massachusetts.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Massachusetts, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$8,650,000 in expanding the impact of 22 nonprofits in Massachusetts, selected and supported by 7 intermediaries.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

TOTAL CNCS FUNDING + TOTAL LOCAL PROGRAM SUPPORT					\$78,611,382

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- ¹ This figure represents the number of awarded positions available to be filled in the 2015 - 2016 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- ² This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Massachusetts. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- ³ AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- ⁴ Massachusetts is served by the AmeriCorps NCCC campus located in Dundalk, Maryland. In the past year, AmeriCorps NCCC teams have served on projects in Boston, Marshfield, Edgartown, Cambridge, Maynard, Sharon.
- ⁵ The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- ⁶ As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise or other revenue used to support their programming activities across the state. Last year, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources.

Since 1994, more than 31,000 Massachusetts residents have served more than 42 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$101,140,000.

State Commission

The Massachusetts Service Alliance (MSA) manages a portfolio of 23 AmeriCorps State programs with more than 1,500 AmeriCorps members, addressing critical needs in the areas of education, environment, economic opportunity, disaster, and capacity building. In the 2014-2015 program year, AmeriCorps members in Massachusetts served more than 12,000 youth, including tutoring or mentoring over 7,000 children and providing more than 120 unaccompanied minors representation in court, provided legal service assistance to 1,227 individuals or families, improved 845 acres of parks and public lands and 163 miles of trails and rivers, and provided 1,000 individuals with disaster preparedness education and response/recovery services. In addition, MSA builds the capacity of nonprofits to engage volunteers through trainings and a bi-annual statewide conference on service and volunteerism. MSA administers Commonwealth Corps, a state supported year of service program that engages Massachusetts residents of all ages and backgrounds in direct service and capacity building to rebuild communities, address unmet community needs, and increase volunteerism.

AmeriCorps State

Youth Empowerment AmeriCorps members serve full time at the United Teen Equality Center in Lowell. The center's mission and promise is to ignite and nurture the ambition of Lowell's most disconnected young people to trade violence and poverty for social and economic success. AmeriCorps members serve youth in various capacities, including case management, teaching, coaching, job training, civic engagement, community service and mentoring. AmeriCorps members experience a unique and dynamic opportunity for professional and personal development, and they cultivate a variety of skills from project planning and management to public speaking, relationship building, and more. The United Teen Equality Center recruits AmeriCorps members from the communities served, including former program participants. In 2014-2015, 18 AmeriCorps members gave more than 25,000 hours of service and served than 250 young people, providing them with educational support, civic engagement opportunities, and life skills they need to lead peaceful and empowered lives. In addition, AmeriCorps members collaborated with more than 10 local organizations and leveraged more than 50 volunteers to help in projects at the center and special events.

In 2010, the Mount Grace Land Conservation Trust of Athol established the Massachusetts Land Initiative for Tomorrow (MassLIFT). MassLIFT is a collaborative effort of regional conservation organizations seeking to build public support for land conservation, increase regional conservation capacity, strengthen land stewardship, and provide opportunities for youth to connect with nature and engage in service learning. The overall goal of MassLIFT is to accelerate the pace of land protection across the Commonwealth. Through the program, 23 AmeriCorps members serving at 15 different organizations, helping them meet critical community needs for land protection, including conservation project initiation and implementation, stewardship of protected lands, outreach to the broader community, and service learning opportunities to engage young people in conservation. In 2014-2015, AmeriCorps members recruited and managed 1,492 community volunteers who served 6,821 hours building capacity at 15 different organizations. In addition, 44 organizations reported improved organizational effectiveness resulting from members' capacity building projects.

AmeriCorps National

Citizen Schools is a nonprofit organization that partners with middle schools to expand the learning day for children in low-income communities. Its AmeriCorps members serve at public schools in Boston, Charlestown, Chelsea, Dorchester, Roxbury, and Salem, leading real-world learning projects, providing academic support, and helping all students discover and achieve their dreams. In their two years of service, AmeriCorps members serve as Teaching Fellows, giving students months of extra learning through academic mentoring and skill-building apprenticeships that translate into college readiness and career opportunities. Citizen Schools has been recognized as a leader in engaging volunteers, generating student impact, and balancing direct service with systemic change efforts. Students who are supported by Citizen Schools graduated from high school within four years at a rate of 71 percent, compared to 59 percent among matched peers, and 61 percent of Citizen Schools' alumni enroll in college.

City Year Boston AmeriCorps has 265 members who serve full-time at 21 schools, helping more than 10,000 students with the greatest risk of dropping out. Working side-by-side with teachers, City Year AmeriCorps members work alongside teachers, using research-based tools to improve students' attendance, behavior, and performance in math and English. The members also lead afterschool programs and school-wide initiatives to improve school culture. Thanks to the members' service, 90 percent of students who were tutored in math and 88 percent of students tutored in reading and writing increased their scores on district tests. In a second year of tutoring, an additional 62 percent of students showed gains in English and math test scores, even though the number of AmeriCorps members remained the same.

College Advising Corps has 23 AmeriCorps members serving full-time as college advisors at 24 high schools in Boston. The members are placed in underserved high schools and work to increase the number of low-income, first-generation, and underrepresented students who enter and complete higher education. The members provide the counsel and encouragement that students need to navigate the college admissions process. The AmeriCorps members help students plan their college searches, complete admissions and financial aid applications, and enroll at schools that will serve them well. In 2015, these 23 members served 7,200 students, helping 1,152 seniors register for the SAT or ACT. They held 6,878 one-to-one meetings with students and met with 10,106 students in classroom presentations or group sessions. They also organized college campus visits for 1,004 seniors.

National Service Impact in Massachusetts

FoodCorps has 12 AmeriCorps members serving in Boston, Cambridge, Chelsea, Chicopee, Gloucester, Holyoke, Lawrence, Lowell, and Lynn. FoodCorps is a nationwide team of AmeriCorps leaders who work under the direction of local partner organizations to connect children to real food and help them grow up healthy. They teach children hands-on lessons about food and nutrition build and tend school gardens, teach cooking lessons, and help change what's on lunch trays so that children can eat healthy food from local farms. In the past year, the FoodCorps members in Massachusetts served 8,746 children, built or brought back into use 40 school and community gardens, harvested 1,796 pounds of produce, and recruited 729 community volunteers.

New Sector AmeriCorps members in the AmeriCorps RISE program complete high-impact capacity-building projects for organizations in the Boston area that focus on education and economic opportunity. Their service helps local nonprofits with projects ranging from volunteer engagement to performance measurement and beyond, and allows the nonprofits to create, improve, or expand services to their community. In the past year, 22 New Sector AmeriCorps members completed projects to strengthen organizations that serve more than 10,000 children, 2,000 "opportunity youth," and thousands of low-income residents. The AmeriCorps members participated in up to 200 hours of training, mentorship, and coaching to strengthen their service and help them continue to serve through careers in the social impact sector.

One Youth Mental Health First Aid (YMHFA) Corps AmeriCorps member served this past year at Behavioral Health Network in Springfield. YMHFA is a certification course that introduces participants to risk factors and warning signs of adolescent mental health problems, focuses on the importance of early intervention, and teaches how to help adolescents who are in crisis or having a mental health or substance use challenge. The AmeriCorps member, who is a trained YMHFA instructor, certified 115 community members in the program. A three month follow-up survey revealed that YMHFA strategies helped 416 adolescents who struggle with a mental health challenge or illness.

AmeriCorps VISTA

Vital Village, based out of Boston Medical Center, sponsors two AmeriCorps VISTA members. As a result of their combined efforts, they have formed a residents association and have developed a community survey engagement tool for a food and fitness coalition in an underserved section of Boston. The VISTA members have taken the survey and translated it to mobile technology to increase its sustainability, with the ultimate goal of conducting the survey in other neighborhoods.

Housing Families Inc., in Malden, sponsors two AmeriCorps VISTA members. Their combined efforts have increased the number of new successful grant proposals, developed a system to track lapsed grant sources, improved communication and graphic design, expanded Housing Families' video library, and created videos for specific expansion efforts.

AmeriCorps NCCC

The Community Harvest Project in North Grafton applied for an AmeriCorps NCCC team to help with farming activities and build a 40' x 100' greenhouse that would double existing greenhouse and hoop house space to grow and harvest plants. The project's mission is to build an engaged and healthier community by bringing volunteers together to grow fresh fruits and vegetables for hunger relief. The NCCC team assembled the greenhouse with minimal instructions. The greenhouse helped the program double their ability to grow – an increase of about 324,000 lbs. Besides the greenhouse work, members did a great deal of farm work: they harvested over 13,487 pounds of fruits and vegetables and washed and prepared over 16,689 pounds of fruits and vegetables. They also painted irrigation pump houses, built transportation stands, maintained the farming garden, and helped with the compost pile. They occasionally instructed drop-in volunteers on how to do some tasks activities when no project staff was available. Thanks to the work of the team, more needy families will get the healthy food they deserve.

An AmeriCorps NCCC team partnered with Mass Audubon, in Sharon, which works to protect the nature of Massachusetts for people and wildlife. The team helped build new program space, renovate camp space, and landscape at Moose Hill Wildlife Sanctuary and at Stony Brook. At Moose Hill, corps members deep cleaned, installed insulation, and removed HVAC metal ventilation and duct work from a building to be used for camp programming. The team built raised garden beds at the CSA Farm and took a damaged roof off the nature center. At Stony Brook, the team expanded a long garden bed, cleared out bird houses and participated in "Amphibians after Dark," an education skit that teaches about frogs, salamanders, and vernal pools. Thanks to the work of the team, there is now more classroom and meeting space at Moose Hill. The garden beds they built serve as a learning opportunity, and protect the farmland from unwanted motorized vehicles. At Stony Brook, the expanded garden helped remove potential hazards, the clearing of bird houses helped bring in new activity, and the skit helps campers learn about amphibians they knew little about.

Senior Corps Foster Grandparent Program

Action for Boston Community Development Foster Grandparent Program volunteers have worked with 17 Somali youth in the Boston area. These youth face many challenges trying to meet the expectations of two very different cultures. The negative portrayal of Somalis in the media, and a lack of role models, can create a sense of disengagement and a lack of investment in their futures as they transition into adulthood. Somali Foster Grandparents build connections with Somali youth in an afterschool program in Roxbury, and provide the students with mentoring and support that they do not get at home. By meeting with Somali youth, engaging in storytelling and discussions about life skills, the Foster Grandparents support youth who have suffered trauma in Somalia. Besides educating them on Somali culture and customs which would otherwise be lost to them, the Foster Grandparents encourage the youth to take control of their identity, develop their leadership skills, and take pride in themselves and their culture.

Senior Corps RSVP

Elder Services of Cape Cod and the Islands RSVP project has 51 volunteers who give approximately 6,500 hours of service each year, helping with environmental projects and other community priorities. The RSVP volunteers, many of whom are veterans themselves, have helped 578 veterans by providing information on how to access State and Federal veteran's benefits, as well as health education and career information.

Senior Corps Senior Companion Program

Valley Opportunity Council Senior Companion Program has 36 volunteers who give in-home support to 179 homebound elders in Chicopee, Ludlow, and Holyoke. This support and assistance helps the elders continue to live independently. The volunteers help with transportation, socialization, wellness, and application assistance.

Social Innovation Fund

The Social Innovation Fund (SIF) is investing \$3,533,998 to expand the impact of 22 nonprofits in Massachusetts. In 2015, the SIF more than doubled the number of nonprofits working in Massachusetts that it supports. These nonprofits work on a variety of issues, including working to improve healthy living, fostering youth development and increasing economic opportunity throughout the state. People who are being served by a SIF subgrantee, AIDS Action Committee of Massachusetts, who had a detectable HIV viral load have shown an 81 percent decrease in their viral load after a six-month follow-up check. The SIF transforms lives by using evidence to find what works and make it work for more people. The SIF Classic and SIF Pay for Success programs harness the expertise of grant-making intermediaries to identify, evaluate and expand effective nonprofits serving low-income communities.

Volunteer Generation Fund

The Massachusetts Service Alliance has continued to expand the Service Enterprise Initiative across Massachusetts by working closely with Volunteer Connector partners in Southeastern Massachusetts (United Way of Greater New Bedford), Cape Cod (Cape and Islands United Way), and most recently in Boston (Boston Cares). This evidence-based training and certification program has served as an ideal way for MSA to help build internal capacity for agencies of all sizes across Massachusetts and providing in-depth and individualized support. The curriculum allows MSA to offer best practices for the use of skill-based volunteers and expanding volunteerism within each participating agency. Each year MSA works with 10-15 new agencies to undergo the Service Enterprise transformation which culminates with a national certification and a portfolio of implemented best practices. In addition, MSA provides opportunities for nonprofits to introduce and recruit new volunteers to their agency through National Days of Service. MSA works with 20-30 agencies to host service projects to engage at least 21,000 community volunteers serving up to 42,000 hours across the Commonwealth.

Nonprofit Subgrantees in Massachusetts

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Boston, MA	AIDS Action Committee of Massachusetts AIDS United	The primary goal of LEAP 2.0 is to improve the health of PLWH by providing comprehensive bio-psycho-social support from crisis to stability and self-sufficiency. A collaborative effort between AIDS Action Committee of MA (AAC) and Partners in Health's Prevention and Access to Care and Treatment (PACT) program, LEAP 2.0 (Linking, Educating, and Advocating with Peers) aims to increase the number of PLWH who are linked to and retained in high quality HIV medical care and supportive services. The LEAP 2.0 Integrated Advocacy Team minimally consists of a Client Advocate, a Peer Leader, and a non-traditional Mental Health Specialist. Others may join the team depending on individual client needs. LEAP 2.0 priority areas are linkage to and retention of PLWH in HIV medical care; enhanced and expanded access and retention in supportive services (including non-traditional mental health services and self-management support groups); improved self-sufficiency of PLWH who are not engaged in care through participation in benefits, treatment adherence, and workforce readiness workshops; expanded continuum of care for PLWHA to better support long-term self-sufficiency
Springfield, MA	Baystate Health (Integrated Delivery System) Green & Healthy Homes Initiative	For more than 130 years, Baystate Health, a not-for-profit health care provider, has been a keystone of the western Massachusetts community. It has a breadth of assets: strong and extensive physician relationships through Baycare Health Partners (BHP), a physician hospital organization and accountable care organization that represents more than 1,400 physicians; Health New England, a managed care organization and subsidiary of Baystate; Pioneer Valley Accountable Care a subsidiary of BHP; and four independently-led Neighborhood Community Health Centers (one of which is a pediatric practice) totaling 144,000 visits per year.
Springfield, MA	Partners for a Healthier Community, Inc. in partnership with Revitalize CDC, Springfield Partners for Community Action, and HAP Housing Green & Healthy Homes Initiative	PVAC is a multi-sector community coalition formed to address the high rate of asthma in Springfield and the surrounding region. PVAC implements strategies to reduce environmental triggers at home, in school and in the community, as well as improve medical management of asthma. PVAC's Pay for Success partners include Revitalize CDC, Springfield Partners for Community Action and HAP Housing. PVAC is convened by Partners for a Healthier Community.
Boston, MA	uAspire GreenLight Fund	uAspire aims to provide 11,500 low-income students and families in the Bay Area over the five year engagement with a full understanding of the financial aid available to them. In partnership with schools, community-based organizations and higher education institutions, uAspire aims to empower low-income students and their families to overcome the financial barriers to higher education, enrollment, persistence and completion by providing group and one-on-one college affordability advising sessions. uAspire's unique innovation is its focus on college affordability, collaboration and ability to adapt content and delivery to serve students effectively. Key outcomes for program impact on students include college affordability awareness and knowledge, engagement with the financial aid process, and postsecondary behavior, including college persistence and completion. Through GreenLight's SIF Initiative, uAspire will evaluate the impact of its continuum of services on students' knowledge, beliefs, and behaviors concerning college affordability.

Nonprofit Subgrantees in Massachusetts

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Newton, MA	Blueprint Schools Network GreenLight Fund	With its subgrant to Blueprint Schools Network (Blueprint), GreenLight's SIF Initiative is supporting Blueprint's work with the Boston Public Schools (BPS) to implement its research-based, innovative turnaround model in schools designated as underperforming. Through this work, Blueprint will reach over 1,000 students annually over five years in Boston. Blueprint partners with school districts to improve outcomes for students in their lowest-performing schools, through a "deep change" turnaround process. Blueprint focuses on five research-based strategies identified as the biggest drivers of student achievement in highly-effective, gap-narrowing public charter schools: (1) excellence in leadership and instruction; (2) daily tutoring in critical growth years; (3) increased instructional time; (4) a culture of high expectations; and (5) use of data from frequent assessments to improve instruction.
Boston, MA	SkillWorks / The Boston Foundation Jobs for the Future Inc NFWs	SkillWorks focuses on "system change" initiatives in health care, financial services, hospitality and green collar jobs, including creating pathways for post-secondary credentials, advocating for greater investment in workforce training, and sustaining partnerships between business and community groups to deliver relevant, accessible training.
Boston, MA	Boston Private Industry Council Jobs for the Future/OYIF	The Boston Opportunity Youth Collaborative (OYC), convened by the Boston Opportunity Agenda and the Boston Private Industry Council, is addressing a gap in services for older opportunity youth in Boston who have a high school credential, but have not taken the next steps to college or career. The OYC has launched a Connection Center where these young people can get started on their education and career pathways. Through Opportunity Works, Boston is implementing a postsecondary and career bridging strategy that offers these youth, 40 percent of whom are boys and men of color, supported transitions from the Connection Center into postsecondary education and training. Navigation coaches transition these young adults to and through postsecondary education and training, and ultimately, to the start of a career. This effort aligns with and builds upon a citywide campaign to help all Boston youth transition successfully to postsecondary education—allowing this campaign to reach a far more challenged population. The Boston collective impact collaborative has selected four high-performing partner programs to provide the postsecondary and career bridging, along with navigation supports; it also has MOUs with nine other programs that have agreed to both refer to and accept referrals from the Connection Center. Boston has multiple strategies to achieve scale, including launching a collectively shared data tracking strategy, systemic changes to increase student support and connections at the community colleges, and expanding the number of programs that are using the Back on Track model.
Boston, MA	Year Up New Profit Inc	Year Up is an intensive, one year training program that provides education, experience, support, and guidance to improve job-readiness and higher education credentials, increasing economic opportunity for young adults.
Somerville, MA	YouthBuild USA New Profit Inc	YouthBuild is partnering with colleges to support at-risk youth, helping them apply, enroll, and complete two and four year degrees.

Nonprofit Subgrantees in Massachusetts

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Boston, MA	Jewish Vocational Services, in partnership with Social Finance US Nonprofit Finance Fund	Massachusetts Adult Basic Education Initiative, a project of Jewish Vocational Service in partnership with Social Finance, is designed to serve nearly 2,500 adult learners from Greater Boston, where large concentrations of immigrants and long waitlists for English language instruction are significant barriers to employment. The program will combine vocational training, contextualized English for Speakers of Other Languages instruction and job search assistance. Potential measurable outcomes include increased earnings, improved employment, and post-secondary enrollment.
Boston, MA	Third Sector Capital Partners, in partnership with Conscience Community Network Nonprofit Finance Fund	Illinois Dually-Involved Youth Project is a project of subgrantee Third Sector Capital Partners, Inc. working in partnership with the Conscience Community Network, LLC (CCN), a collaborative network of six experienced nonprofits. The project will deliver comprehensive services throughout Illinois to adolescent youth involved in both the criminal justice and child welfare systems. Enabled by new levels of coordination with government agencies, CCN will provide intensive wraparound services and timely access to evidence-based practices demonstrated to safely serve youth in families and communities in lieu of institutional care, prevent repeat delinquent behavior, and support successful transitions to adulthood.
Allston, MA	West End House The Boston Foundation	WEH will coach 60 new students per year, at Mass Bay Community College and other colleges. Anticipated Outcomes include: 85% year-to-year college persistence rate; 75% of students with a GPA of 2.0 or higher; 75% of students on track (credit accumulation) to graduate from college within 6 years.
Boston, MA	Boston Private Industry Council The Boston Foundation	The PIC proposes to serve 185 new students in year one at Bunker Hill Community College, Roxbury Community College, and Benjamin Franklin Institute of Technology, including 20 student transfers to UMass Boston. They will also continue to support 70 members of the BPS Class of 2014 students. In years two and three, PIC will grow to serve over 200 new students annually.
Boston, MA	Match Beyond The Boston Foundation	Match Beyond will work with 100 students per year for three years with BosC4C support; in five years, they anticipate working with 550 students annually. Outcomes include: 80% of Match Beyond students complete their targeted CFA-SNHU degree; 95% persistence (reenrollment) rates from year one to two for Cohort 1 (Class of 2015).
Boston, MA	Steppingstone The Boston Foundation	Steppingstone proposes to serve an annual caseload of 80 students graduating from Boston public high schools, delivering a deepened coaching model based on Success Boston's transition coaching. The three BosC4C coaching cohorts will inform Steppingstone's future and expanded pipeline of middle school students now progressing through College Success Academy.
Dorchester, MA	College Bound The Boston Foundation	College Bound will serve 310 students across three cohorts (60 in year one, 105 in year two, and 145 in year three). Anticipated Outcomes include: 75% of students test out of remedial courses; 55% year-to-year retention rate.
Dorchester, MA	Freedom House The Boston Foundation	Freedom House currently serves over 1,000 Boston area students across their programs. FH proposes to serve a total of 225 students over 3 years through BosC4C – three new cohorts of 65 students per year at UMass Boston and Bunker Hill Community College, and 30 continuing students from the Class of 2014. This represents growth in the size of their annual cohort based on their coaching through Success Boston to-date.

Nonprofit Subgrantees in Massachusetts

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Jamaica Plain, MA	Bottom Line The Boston Foundation	Through BosC4C, Bottom Line proposes to serve 321 BPS and Boston-area charter school graduates from the class of 2015 attending 20 four-year regional target colleges and community/two-year colleges (a portion of the 529 Boston students they will serve in total), and to continue to support 171 members of the Success Boston cohort from the Class of 2014. In 2016 and 2017, Bottom Line proposes to add cohorts of 370 Boston public high school graduates, including 100 community colleges students.
Jamaica Plain, MA	Hyde Square Task Force The Boston Foundation	HSTF proposes to serve a total of 225 students at UMass Boston and Bunker Hill Community College over three cohorts, including 75 new students per cohort in 2015, 2016, and 2017, representing growth from their previous annual cohort size. HSTF will support 52 continuing students from the Class of 2014.
Roxbury, MA	Sociedad Latina The Boston Foundation	SL currently provides transition coaching to 20-25 Boston Public Schools' alumni. SL proposes to expand to serve 50 students per year beginning with the class of 2015, with one-on-one coaching for seniors and outreach to parents/caregivers; ongoing one-on-one transition coaching through the first two years of college; job readiness training & career exploration; social/emotional skill development; and referrals to on-campus supports.
Boston, MA	Year Up Third Sector Capital Partners	Third Sector will work with Year Up to explore the PFS feasibility of their Professional Training Corps model for workforce development which closes the opportunity gap and improves employment outcomes for young adults, aged 18 to 24.
Dorchester, MA	The B.E.L.L. Foundation, Inc. (Building Educated Leaders for Life) United Way of Greenville County	BELL is a nationally recognized evidenced-based organization delivering high-quality afterschool and summer programs to students in under resourced communities. BELL began in 1992 in Boston and now serves students in seven states. BELL will provide a free evidenced based summer program to approximately 220 academically struggling students entering 6th grade. The program will operate 6.5 hours a day, four days a week, for six weeks during the summer, operating June 15-July 24 in summer 2015.
