

Nonprofit Subgrantees in New Jersey

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
West Collingswood, NJ	Volunteers of America Delaware County Corporation for Supportive Housing (PFS)	CSH and its partners, the Center for Health Care Strategies and Third Sector Capital Partners, will work with Volunteers of America Delaware Valley to assess the feasibility of a PFS initiative focused on creating supportive housing for vulnerable populations. Specifically, this project anticipates targeting super-utilizers with two or more (non-surgical, non-OB) hospital admissions within six months and two or more chronic illnesses who are also homeless or experiencing housing instability. Among other technical assistance, CSH anticipates working with Volunteers of America and its partners including the Camden Coalition of Healthcare Providers (CCHP) to integrate individual level health care claim data with homelessness data, allowing for analysis and segmentation of the overall population to identify a subset of hospital super-utilizers who are homeless. In addition, CSH will work with VOADV to increase the capacity of local supportive housing providers to work with the vulnerable populations and to follow a high fidelity housing first model. The geographic focus is the City and County of Camden, New Jersey. The Camden Coalition of Healthcare Providers recently became a Medicaid Accountable Care Organization (ACO), enabling it to receive shared savings through ACO contracts with Medicaid managed care organizations (MCOs) based on improved quality and reduced costs.
